contemporary records of the private deliberations of policy makers had been forced to follow both interpretations David French challenges this orthodoxy and suggests that the policy makers were united in trying to relate strategic policy to a carefully considered set of war aims His challenging conclusion is that the policy makers never lost sight of their goal which was to ensure that Britain fought the war at an acceptable cost and emerged from it with its security enhanced against both its enemies and its allies **Österreichische Zeitschrift für Politikwissenschaft** ,2005 Suomalaisen tiedeakatemia toimituksia ,1979 *Behind Everest* Kate Nicholson,2024-07-31 Behind Everest embarks on a captivating exploration that intertwines the remarkable life of Ruth Mallory wife of legendary Everest climber George Mallory with a parallel journey a century later Through examining Ruth s attitude to danger a century ago Kate Nicholson explores our evolving attitudes towards risk and responsibility Kate s quest to understand Ruth takes her to forgotten corners of archives in the UK and USA to conversations with the few remaining people who knew both George and Ruth and into private recollections and precious private collections Using two decades of research the author unveils the real story behind Ruth and George Mallory s marriage shedding light on George s relationships with women such as Jelly d Aranyi Mary Ann O Malley and Stella Cobden Sanderson Stella like Ruth hailed from Arts and Crafts royalty both women were daughters of strong feminists but only Ruth chose to climb Ruth was a natural and accomplished climber a founder member of the first all female rock climbing club in the UK the Pinnacle Club As Kate experiences the challenges and triumphs of rock climbing with that still thriving club she discovers not only the elusive key to George Mallory but also an inspiring and resilient companion in Ruth This book goes beyond expeditions to Everest offering readers a profound glimpse into the real story of the Mallorys Through Ruth s lens the book explores the complexities of marriage the indomitable spirit of early female climbers and the enduring impact of the First World War the League of Nations and the Empire on individual lives This is a non fiction masterpiece that intertwines personal and historical narratives inviting readers to scale the heights of human experience Explorers Journal Ernest Ingersoll,1921 **New International Dictionary** ,1920 **The Parliamentary Debates (Hansard)**.
