Shackleton's Boat The Story Of The James Caird:

Shackleton's Boat Harding McGregor Dunnett, 2015-08-24 The James Caird is an unlikely hero a 23 foot lifeboat that completed the most desperate and celebrated open boat voyage in history On board were Ernest Shackleton Tom Crean and Frank Worsley now some of the most recognised names in Antarctic and Polar literature history This is the story of that little boat from its commissioning by Worsley to its dramatic escape from Antarctica to its final resting place at Dulwich College in the UK Shackleton's Boat is a worthy memorial to a vessel famous in maritime history and a story whose heroism has inspired generations Similar to Tom Crean An Unsung Hero Captain Francis Crozier Last Man Standing and Seek the Frozen Lands *The Heroic Age of Antarctic Exploration on Film and Television, Volume 1* John Atkins, 2025-09-17 This book

examines in detail for the first time the screen legacy of the great Irish born Antarctic explorer Sir Ernest Shackleton 1874 1922 It encompasses the pioneering expedition films he made from 1909 to 1922 and the documentary and drama productions he has inspired since then The book provides a unique and original approach to understanding Shackleton including the first comprehensive account of the original Antarctic documentary film now lost that recorded the achievements of the 1908 09 Nimrod expedition Drawing on much original source material films diaries contemporary newspapers and journals that has not been unearthed by previous authors this volume presents a fresh perspective and includes a filmography with more than 100 entries spanning 1908 to 2024 **Shackleton's Boat Journey** Frank A.

Worsley, 2012-11-05 On August 1 1914 on the eve of World War I Sir Ernest Shackleton and his hand picked crew embarked in HMS Endurance from London's West India Dock for an expedition to the Antarctic It was to turn into one of the most breathtaking survival stories of all time Even as they coasted down the channel Shackleton wired back to London to offer his ship to the war effort The reply came from the First Lord of the Admiralty one Winston Churchill Proceed And proceed they did When the Endurance was trapped and finally crushed to splinters by pack ice in late 1915 they drifted on an ice floe for five months before getting to open sea and launching three tiny boats as far as the inhospitable storm lashed Elephant Island They drank seal oil and ate baby albatross delicious apparently From there Shackleton himself and seven others the author among them went on in a 22 foot open boat for an unbelievable 800 miles through the Antarctic seas in winter to South Georgia and rescue It is an extraordinary story of courage and even good humour among men who must have felt certain secretly that they were going to die Worsley's account first published in 1940 captures that bulldog spirit exactly uncomplaining tough competent modest and deeply loyal It's gripping and strangely moving **South: the Story of**
