## **Shadow Girl A Memoir Of Attachment The Iowa Series:**

**Memoirs of a Revolutionary** Victor Serge, 2002-11-08

**Stories We Tell Ourselves** Michelle Herman, 2013-03-15

The two thought provoking extended essays that make up *Stories We Tell Ourselves* draw from the author's richly diverse experiences and history taking the reader on a deeply pleasurable walk to several unexpectedly profound destinations. A steady accumulation of fascinating science psychoanalytic theory and cultural history ranging as far and wide as neuro ophthalmology ancient dream interpretation and the essential differences between Jung and Freud is smoothly intermixed with vivid anecdotes entertaining digressions and a disarming willingness to risk everything in the course of a revealing personal narrative. *Dream Life* plumbs the depth of dreams conceptually biologically and as the nursery of our most meaningful metaphors as it considers dreams and dreaming every whichway from the haruspicy of the Roman Empire to contemporary sleep and dream science from the way birds dream to the way babies do from our longing to tell them to the reasons we wish other people wouldn't. *Seeing Things* recounts a journey of mother and daughter a Holmes and Watson pair intrepidly working their way through the mysteries of a disorder known as Alice in Wonderland Syndrome even as it restlessly detours into the world beyond the looking glass of the unconscious itself. In essays that constantly offer layers of surprises and ever deeper insights the author turns a powerful lens on the relationships that make up a family on expertise and unsatisfying diagnoses on science and art and the pleasures of contemplation and inquiry and on our fears regrets hopes and of course dreams.

**Great Expectation** Dan Roche, 2008-09 In *Great Expectation* Dan Roche gives a man's perspective on what it means to start and expand a family relatively later in life. Through a series of diary entries in turns humorous angst ridden and full of hope and joy Roche describes his own thoughts and concerns during the nine months of his wife's pregnancy. With five years of parenting his irrepressible daughter Maeve under his belt Roche already forty five years old and his wife Maura face the prospect of another arrival and the myriad of emotions that come with a second child. From revelling in the joys of pregnancy such as Maura's delight at having cleavage and being able to eat whatever she desires to assuaging the parental anxieties of choosing the right obstetrician correcting the mistakes one made with the first child and sending children to college in the future to navigating the unforeseen experiencing the unexpected death of a parent and feeling trepidation toward the thought of having a son Roche records his emotions with unusual candidness and intimacy. Reflecting on day to day events and their significance in his family's life together Roche wonders what he is getting himself into and how much deeper he can immerse himself into parenting. Together he and his wife face the bittersweet intersections of death and new life menace and hopefulness. With sincerity and a mature wit *Great Expectation* stands as a wise recounting of nine months time with all of its chaos and charms and offers a fresh perspective for first time and veteran parents alike.

**Happenstance** Robert Root, 2013-11 Reflecting on how a student's parents met because of a fly ball to center field in a summer softball game author Robert Root wondered how the lives of that student's parents and of the student himself would

have changed had the batter bunted or struck out Haunted by this pure example of happenstance he began to ponder his own existence dependent in part on geology the Niagara Escarpment and history the Erie Canal He wondered how happenstance had influenced the course of his parents lives in particular their marriages they married and divorced each other twice and consequently the shaping of his identity Happenstance investigates the effects of that phenomenon and choice on one man s life Root explores this theme in interwoven strands of narrative interpretation and reflection One strand The Hundred Days follows his attempt to write one hundred journal entries each about a different day in his life to recover memories of specific moments or collections of moments In the strand headed Album he examines and interprets old family photographs in light of the way he reads them in the present as someone now privy to a family secret that directed his and his siblings lives without their knowledge Interspersed among these brief interpretations and narratives are reflections on happenstance and choice a sequence contemplating their effect on his life and perhaps on all our lives Through juxtaposition and accumulation the book s incremental unraveling of meaning imitates the process of unexpected epiphanies and gradual self discovery in anyone s life By revisiting individual days giving voice to photographs that mutely preserve family moments and reflecting on the way happenstance and choice determine the directions lives take Robert Root generates a meditation on identity anchored in an album in words and images of a mid twentieth century life

*Running to the Fire* Tim Bascom,2015-04 In the streets of Addis Ababa in 1977 shop front posters illustrate Uncle Sam being strangled by an Ethiopian revolutionary parliamentary leaders are executed student protesters are gunned down and Christian mission converts are targeted as imperialistic sympathizers Into this world arrives sixteen year old Tim Bascom whose missionary parents have brought their family from a small town in Kansas straight into Colonel Mengistu s Marxist Red Terror *Running to the Fire* focuses on the turbulent year the Bascom family experienced upon traveling into revolutionary Ethiopia The teenage Bascom finds a paradoxical exhilaration in living so close to constant danger At boarding school in Addis Ababa where dorm parents demand morning devotions and forbid dancing Bascom bonds with other youth due to a shared sense of threat He falls in love for the first time but the young couple is soon separated by the politics that affect all their lives Across the country missionaries are being held under house arrest while communist cadres seize their hospitals and schools A friend s father is imprisoned as a suspected CIA agent another is killed by raiding Somalis

**On the Shoreline of Knowledge** Chris Arthur,2012-08-15 The carefully crafted meditative essays in *On the Shoreline of Knowledge* sometimes start from unlikely objects or thoughts a pencil or some fragments of commonplace conversation but they soon lead the reader to consider fundamental themes in human experience The unexpected circumnavigation of the ordinary unerringly gets to the heart of the matter Bringing a diverse range of material into play from fifteenth century Japanese Zen Buddhism to how we look at paintings and from the nature of a briefcase to the ancient nest sites of gyrfalcons Chris Arthur reveals the extraordinary dimensions woven invisibly into the ordinary things around us Compared to Loren Eiseley George Eliot Seamus Heaney Aldo Leopold V S Naipaul W G Sebald W

**Shadow Girl** Deb Abramson,2000 As the good little girl in an unhappy family who hid her darker troubles Deb Abramson felt like she was living with another girl a shadowy being who would neither leave nor make herself known Crushed beneath the burden of her parents rigid expectations yet driven to satisfy their needs Abramson becomes bulimic then severely depressed and suicidal retreating more and more from the troubling outside world to the seeming haven of home to a cycle of comfort from and competition with her depressed mother to the frightening but alluring intimacy of her father s affections Her struggle to extricate herself from the impermeable immutable knot of her family forms the heart of her dazzling book In this psychological portrait of a family bound together by the uneasy permutations of love Abramson relies not on sensationalist narrative but on a collection of the many small moments that glitter along the bumpy path of her life Now and then she provides a broader connecting perspective by stepping out of her story to reflect on the meaning of it all from the standpoint of the insightful healed person she has managed against all odds to become Rich in metaphor and intimate detail this is a lyrical story about moving from isolation toward connection about seeing childhood not as a crippling refuge but as a point of departure about discovering that it is possible to have your shadows as well as your light **Forthcoming Books**
