Shadow Woman:

Shadow Woman Grant Hayter-Menzies, 2013-10-01 Kansas born Pauline Benton 1898 1974 was encouraged by her father one of America's earliest feminist male educators to reach for the stars Instead she reached for shadows In 1920s Beijing she discovered shadow theatre pinyinxi a performance art where translucent painted puppets are manipulated by highly trained masters to cast coloured shadows against an illuminated screen Finding that this thousand year old forerunner of motion pictures was declining in China Benton believed she could save the tradition by taking it to America Mastering the male dominated art form in China Benton enchanted audiences eager for the exotic in Depression era America Her touring company Red Gate Shadow Theatre was lauded by theatre and art critics and even performed at Franklin Roosevelt's White House Grant Hayter Menzies traces Benton's performance history and her efforts to preserve shadow theatre as a global cultural treasure by drawing on her unpublished writings the recollections of her colleagues the testimonies of shadow masters who survived China's Cultural Revolution as well as young innovators who have carried on Benton's pioneering work

The Shadow Girl Ray Cummings, 2022-08-10 Ray Cummings The Shadow Girl deftly weaves the classic elements of science fiction with a twisting narrative that transcends time itself The novel reveals an extraordinary tale that unfolds after a cryptic tower burgeons in the heart of a modern city harboring a girl whose origins lie in the labyrinth of the future Cummings literary style is both evocative and accessible punctuated by a mastery of suspense that keeps the reader enthralled Set against a backdrop that is at once familiar and uncanny the novel employs a narrative structure that challenges our perception of time and consequence a prevalent theme in the golden age of speculative fiction to which Cummings work is a vital contribution In the realm of early twentieth century science fiction Ray Cummings stands as a pioneering force with The Shadow Girl exemplifying his reach into the exploration of time and its paradoxes a constant motif in his expansive body of work This particular journey may well have been sparked by Cummings understanding of and fascination with the then emerging theories of time and space a subject he once described as the stuff from which the future is made Through the plight of the titular character and the harrowing choices that face the inhabitants of the present Cummings contemplates the moral complexities of intervention across the temporal divide The Shadow Girl is recommended to aficionados of classic science fiction and readers seeking a narrative that melds the ordinary with the extraordinary Cummings inventive plot serves as an intriguing case study in the consequences of tampering with time's delicate fabric The novel will particularly resonate with those who appreciate a story that poses ethical quandaries amidst the trappings of a timeless sci fi adventure The journey through Cummings crafted multi era conundrum is a stirring testament to the enduring power and relevance of speculative literature
