**Revisited** Simon Shaw-Miller,2017-07-05 Varied and deliberately diverse this group of essays provides a reassessment of the life and work of the popular nineteenth century artist Samuel Palmer While scholarly publications have been published recently which reassess Palmer s achievement those works primarily consider the artist in isolation This volume examines his work in relation to a wider art world and analyses areas of his life and output that have until now received little attention reinstating the study of Palmer s work within broader debates about landscape and cultural history In Samuel Palmer Revisited the contributors provide a fresh perspective on Palmer s work its context and its influence      *Showing the Flag* David Mackenzie Wilson,1992 Never have national museums been under so much pressure to lend their treasures to other museums and galleries throughout the UK but never has their capacity to respond to loan requests been so limited Transporting and displaying loan material takes time and money when national museums face standstill or even reducing budgets This book looks at the obstacles encountered by lenders and borrowers alike He puts his finger on the need for more public funding and argues that u1 million a year is a small price to pay for making the national treasures available to the nation at large      *Art Now Gallery Guide* ,1995      *Antiquarian Book Monthly* ,1995      **Antiquarian Book Monthly Review** ,1993      **Bibliographie D'histoire de L'art** ,1996      **Visual Resources Association Bulletin** ,1995
