Feminism, Psychoanalysis, and Maternal Subjectivity Alison Stone, 2013-03-01 In this book Alison Stone develops a feminist approach to maternal subjectivity Stone argues that in the West the self has often been understood in opposition to the maternal body so that one must separate oneself from the mother and maternal care givers on whom one depended in childhood to become a self or in modernity an autonomous subject These assumptions make it difficult to be a mother and a subject an autonomous creator of meaning Insofar as mothers nonetheless strive to regain their subjectivity when their motherhood seems to have compromised it theirs cannot be the usual kind of subjectivity premised on separation from the maternal body Mothers are subjects of a new kind who generate meanings and acquire agency from their position of re immersion in the realm of maternal body relations of bodily intimacy and dependency Thus Stone interprets maternal subjectivity as a specific form of subjectivity that is continuous with the maternal body Stone analyzes this form of subjectivity in terms of how the mother typically reproduces with her child her history of bodily relations with her own mother leading to a distinctive maternal and cyclical form of lived time [The Routledge Handbook of Psychoanalysis in the Social Sciences and Humanities](#) Anthony Elliott, Jeffrey Prager, 2016-04-14 The Routledge Handbook of Psychoanalysis in the Social Sciences and Humanities provides a comprehensive critical overview of the historical theoretical and applied forms of psychoanalytical criticism This path breaking Handbook offers students new ways of understanding the powers and limits of psychoanalysis and of the social cultural and political possibilities of psychoanalytic critique The book offers students and professionals clear and concise chapters on the development of psychoanalysis introducing key theories that have influenced debates over the psyche desire and emotion in the social sciences and humanities There are substantive chapters on classical Freudian theory Kleinian and Bionian theory object relations psychoanalysis Lacanian and post Lacanian approaches feminist psychoanalysis as well as postmodern trends in psychoanalysis There is a strong emphasis on interdisciplinary approaches to psychoanalytic critique with contributions drawing from developments in sociology politics history cultural studies women s studies and architecture *Contemporary Psychoanalysis and Jewish Thought* Libby Henik, Lewis Aron, 2023-10-31 Demonstrating the connections between contemporary psychoanalysis Jewish thought and Jewish history this volume is a significant contribution to the traditions of dialogue debate and change within continuity that epitomize these disciplines The authors of this volume explore the cross disciplinary connections between psychoanalysis and Jewish thought while seeking out the resonance of new meanings to exemplify the uncanny similarities that exist between ancient Rabbinic methods of interpretation and contemporary psychoanalytic theory and methodology particularly the centrality of the question and the deconstruction of narrative In doing so this collaboration addresses the bi directional influence between and the relevance of the Jewish interpretive tradition and psychoanalysis to provide readers with renewed insight into key topics such as Biblical

text and midrash religious traditions trauma gender history clinical work and the legacies of the Holocaust on psychoanalytic theory Creating an intimate environment for interdisciplinary dialogue this is an essential book for students scholars and clinicians alike who seek to understand the continued significance of the multiple connections between psychoanalysis and Jewish thought

Taking Responsibility, Law and the Changing Family Heather Keating, 2016-04-01 This volume considers the impact that changing family norms have had on the responsibilities that the law allocates to people in family relationships Contributions are drawn from a wide variety of jurisdictions in which scholars lawyers judges and policy makers have been trying to discern what the appropriate correlation should be between the responsibilities that people undertake in family settings and the law that regulates family responsibilities Part I looks at the changes that have occurred in adult relationships and what they have done for our sense of the family responsibilities that adults take for one another Part II reflects on the changing nature of the parental relationship in order to reconsider the way in which changing family structures affect the responsibilities we think people raising children should have The third part brings the rights discourse that has dominated jurisprudence for much of the last fifty years into the discussion of family transformation and the responsibilities to which it gives rise In the final section the authors reflect on the difficulties of trying to resolve the meaning of responsibility in a world of changing families The collection brings together some of the most eminent and imaginative scholars and judges working in this area It will be a valuable resource for all those interested in the legal regulation of the transforming family

Diversifying Philosophy of Religion Nathan R. B. Loewen, Agnieszka Rostalska, 2023-06-01 Much philosophical thinking about religion in the Anglophone world has been hampered by the constraints of Eurocentrism colonialism and orientalism Addressing such limitations head on this exciting collection develops models for exploring global diversity in order to bring philosophical studies of religion into the globalized 21st century Drawing on a wide range of critical theories and methodologies and incorporating ethnographic feminist computational New Animist and cognitive science approaches an international team of contributors outline the methods and aims of global philosophy of religion From considering the importance of orality in African worldviews to interacting with Native American perspectives on the cosmos and investigating contemplative studies in Hinduism each chapter demonstrates how expertise in different methods can be applied to various geographical regions building constructive options for philosophical reflections on religion Diversifying Philosophy of Religion raises important questions regarding who speaks for and represents religious traditions setting the agenda for a truly inclusive philosophy of religion that facilitates multiple standpoints
