**portions of God's word; or, A short sermon and a short song for every day in the year** George Wyard,1866      No Fear Marvin C. Sterling Ph. D.,2000-11-13 Are you the sort of person who is not content simply to judge life according to surface appearances Do you seek answers to the deeper questions of human existence Do you feel a profound yearning for something higher than a merely materialistic view of the world Are you curious about the meaning of life the mystery of death the nature of ultimate reality the significance of human mortality Do you have a desire to cultivate the inner life of the mind Do you wish to achieve more harmonious states of psychological health and greater effectiveness in everyday living Do you believe in higher states of consciousness Do you find that you are naturally drawn toward subjects such as meditation self improvement near death experiences and other topics of a spiritual nature Do you believe that the key to material prosperity may perhaps lie in right THINKING If the answer to any of the above questions is yes we strongly urge you to purchase the book whose back cover are now reading For you are precisely the kind of person who is capable of benefiting most from a serious and sustained study of this highly practical guide to spiritual progress      **Allisto** Mrs. Ansel Oppenheim,1884

P. Ruck,2007 It was mainly only the European urban centers that converted to Christianity and often more for political or commercial interests than as a matter of faith The old religions persisted in the villages or pagani from which the term Paganism arose The Christians built their sanctuaries upon the pagan sites expropriating their numinous past assimilating the symbolism of the former deities and commonly incorporating the actual architectural remnants The wisdom of those deposed gods and their rites persisted in less objectionable forms disguised to delude the censors as country festivals and quaint tales often about the fairy folk who coexisted with this world and could be accessed by magical procedures that perpetuated half remembered methods of authentic ancient shamanism Such shamanism always involved pharmaceutical expertise Mircea Eliade was mistaken in concluding that drugs were characteristic only of the late and decadent stages of a religion Rock paintings of the greatest antiquity and his own abundant citations indicate that instead a pharmacological Eucharist was the norm and Eliade was himself about to reverse his stance shortly before his death Encoded in tales seemingly as simple as Snow White with her

poisoned red and white apple are themes traceable back to the great epics of Homer and the Mesopotamian Gilgamesh. These patterns of shamanic empowerment lurk also in the histories of the leading families of Europe who could not completely divest themselves of the former religious basis for their right to rule but instead they embraced Christianity and buried it in sanctified graves as was the case with the great fairy Melusina whose eighth abominable son called Horrible was murdered. A number of churches involved in the Albigensian heresy claim his body was laid to rest beneath them. **Roses and how to**
