Visual Thinking Strategies for Individuals with Autism Spectrum Disorders Ellyn Lucas Arwood, Carole Kaulitz, Mabel M. Brown, 2009 Visuals of all kinds photographs checklists line drawings cartoons flowcharts stick figures etc are commonly used as supports for individuals on the autism spectrum who tend to think and learn visually However not all visuals are created equal and therefore visuals don't all work equally well This companion to Learning With a Visual Brain in an Auditory World helps the reader understand how to match the developmental levels of pictures and visuals to the developmental level of the person looking at the visual In this way appropriate visuals provide the language development for children with autism spectrum disorders Drawing from their experience with children and youth for decades the authors also show how effective communication can help reduce the confusion and anxiety that often lead to behavioral outbursts Google Books

On Cats Charles Bukowski, 2015-12-01 A raw and tenderly funny look at the human cat relationship from one of our most treasured and transgressive writers The cat is the beautiful devil Felines touched a vulnerable spot in Charles Bukowski's crusty soul For the writer there was something majestic and elemental about these inscrutable creatures he admired sentient beings whose searing gaze could penetrate deep into our being Bukowski considered cats to be unique forces of nature elusive emissaries of beauty and love On Cats offers Bukowski's musings on these beloved animals and their toughness and resiliency He honors them as fighters hunters survivors who command awe and respect as they grip tightly onto the world around them A cat is only ITSELF representative of the strong forces of life that won't let go Funny moving tough and caring On Cats brings together the acclaimed writer's reflections on these animals he so admired Bukowski's cats are fierce and demanding he captures them stalking their prey crawling across his typewritten pages waking him up with claws across the face But they are also affectionate and giving sources of inspiration and gentle insistent care Poignant yet free of treacle On Cats is an illuminating portrait of this one of a kind artist and his unique view of the world witnessed through his relationship with the animals he considered his most profound teachers

Readiness or resistance? Afrah Abdulla, 2017-11-13 This thesis is about newly arrived adult migrants meaning making and learning in Swedish society during the two years introduction period after they have received the residence permit I have specifically studied Arabic speaking adults meaning making and learning by carrying out observations and individual in depth interviews with 12 migrants The introduction period consists mainly of three so called introduction measures the civic orientation course Swedish for immigrants SFI and different work related activities such as internship at different work places The results show that etablering is about shaping the newly arrived adult migrants into good citizens through the introduction measures among other things in the civic orientation course which is regulated through the policy

documents and which so to say provides meaning to the newly arrived. The good citizen has some specific characteristics which roughly are that he or she is independent and advocates individuality, free equality, thinking secularized, law abiding which includes being honest, responsible and a good parent. These characteristics are expressed in different ways in the civic orientation course for instance through the course material. The Swedish society is described as something desirable and different from what is implied to be Arabic values and ways of thinking. The idea of the good citizen appears to aim at constructing the adult migrants and their families' identity something which many of the study's respondents make a resistance to. As concerns the migrant's new experiences it is for example those which the migrant get through the contact with the Swedish Public Employment Service SPES that affect the meaning making in the new society. The meaning which most of the respondents have made of the SPES's measures for them is that this authority only offers prepackaged solutions and does not provide the help or support that they need. Also the experiences which the migrant has in the civic orientation course and the meaning which old migrants give to him or her play a role when he or she makes meaning of Sweden and Swedes and of his or her new life situation. Further it has been shown that it is those experiences that the adult individual has been socialized through and those which he or she has gained through work or education in his or her country of origin which affect his or her meaning making in Sweden. It is mostly values which concern child upbringing and religion that lead to a certain understanding and construction of one's new life. These values when related to the values which are included in the good citizen idea also lead to either a resistance or a readiness towards the meaning giving that is embedded in the good citizen notion. Denna studie handlar om nyanlända vuxna migranternas meningsskapande och förhållande till det svenska samhället under deras tvååriga introduktionsperiod efter att de har fått uppehållstillstånd. Jag har specifikt studerat arabisktalande vuxnas meningsskapande och förhållande genom observationer och enskilda djupintervjuer med 12 nyanlända. Introduktionsperioden består för mest av tre särskilda etableringsinsatser: kursen i samhällsorientering svenska för invandrare (SFI) samt olika arbetsrelaterade och arbetsfremjande insatser såsom praktik på olika arbetsplatser. Resultatet visar att etablering handlar om att forma de vuxna nyanlända till goda medborgare genom etableringsinsatserna bland i samhällsorienteringskursen som regleras genom policydokumenten och som så småningom blir till mening för de nyanlända. Den goda medborgaren har vissa specifika kännetecken vilka i grova drag är att han eller hon är självständig och respekterar individualitet, fri yttrandesrätt, sekulariserad laglydig, vilket inkluderar religiös ansvarsfullhet och en god förhållningssätt. Dessa karaktärsdrag kommer på olika sätt till uttryck i samhällsorienteringskursen exempelvis genom kursmaterialet. Det svenska samhället framställs också som något eftersträvat och skilt från det som antyds vara arabiska värderingar och tankesätt. Förhållningen om den goda medborgaren verkar syfta till att konstruera den vuxna nyanländas och dennas familjs identitet något som många av studiens respondenter går emot. Vad gäller migrantens nya erfarenheter är det exempelvis de som migranten har fått genom kontakt med Arbetsförmedlingen som påverkar meningsskapandet i det nya samhället.
