Edgerton, 2016-04-30 This is the first book length study to critically examine the work of Ken Burns the innovative producer director as a television auteur a pivotal programming influence within the industry and a popular historian who portrays a uniquely personal and compelling version of the country's past for tens of millions of viewers nationwide Ken Burns's America has a three fold agenda First it looks at the ideas and individuals that have influenced Burns in the creation of his easily recognized style as well as in the development and maturation of his ideological outlook Second the book gives readers a window on the Ken Burns production machine Gary Edgerton shows us the inner working of Florentine Films Finally he looks at Burns as a popular historian who reevaluates the nation's historical legacy from a new generational perspective and in the process becomes one of the major cultural commentators of our era The volume finally takes the full measure of the man and the industry he has helped to create **The Shakers** Ken Burns, Amy Stechler, WNET (Television station : New York, N.Y.), 1984 Stillness and Light Henry Plummer, 2009-08-11 Shaker buildings have long been admired for their simplicity of design and sturdy craftsmanship with form always following function Over the years their distinctive physical characteristics have invited as much study as imitation Their clean unadorned lines have been said to reflect core Shaker beliefs such as honesty integrity purity and perfection In this book Henry Plummer focuses on the use of natural light in Shaker architecture noting that Shaker builders manipulated light not only for practical reasons of illumination but also to sculpt a deliberately spiritual visual presence within their space Stillness and Light celebrates this subtly beautiful aspect of Shaker innovation and construction captured in more than 100 stunning photographs **Städte in Utopia** Hanno-Walter Kruft, 1989 *The Shaker Manifesto*, 1878 Includes music **The Documentary Makers** David A. Goldsmith, 2003 A series of in their own words interviews with 15 directors whose work has in some way extended the boundary of the documentary They constitute a tiny proportion of those working in the field but they represent the state of the documentary across the world from the limited resources of China's only independent director with no access to his nation's television to the big budget series that attract tens of millions of American viewers Some will only work on film with all its paraphernalia of moviemaking while others insist on working alone with nothing more than a Handicam Some question even abhor the use of commentary others wouldn't dream of doing without Some work by the rules of cinema verite and some use dramatization while still labeling their work documentary Regardless of the where and the how they all seek to reproduce reality whatever that might be Book jacket *The Work of Shaker Hands* Smith College.
