**Shakespeare 1609** Richard Danson Brown, David Johnson, 2000      **Shakespeare 1609** Richard Danson Brown, David Johnson, 2000 How has Shakespeare been interpreted since his death in 1616 How are we to explain the posthumous fame that surrounds the name Shakespeare Shakespeare 1609 Cymbeline and the Sonnets considers these questions through case studies of two texts that appeared in about 1609 Cymbeline as a play on the London stage Shakespeare's Sonnets as a Quarto volume As well as being roughly contemporaneous these texts have been received more ambiguously than the majority of the Shakesperean canon Cymbeline has been widely neglected while the current fame of Shakespeare's Sonnets was not anticipated by the 17th century reading public who largely ignored the volume This book looks at these works and considers their generic distinctiveness their complex representations of sexuality and the varied ways in which they have been received by subsequent generations and includes key secondary readings from influential critics      **Shakespeare: Text and Performance: Shakespeare 1609: 'Cymbeline' and the 'sonnets'** Kiernan Ryan, 2000      **Space, Identity and Discourse in Anglophone Studies** Attila Dósa, Ágnes Maguczné Godó, Anett Schäffer, Robin Lee Nagano, 2024-02-20 This book explores the dynamic intersections where cultures languages and spaces converge shaping identities and creating new forms of expression The authors attempt to unravel the complexity of narrative and imaginative spaces by examining cultural identities in global contexts The essays on literary representations consider abstract border crossings through rewriting and reappropriation in various genres while also looking at immigrant fiction post Anthropocene narratives and hybrid spaces through a postcolonial lens The essays on history and politics critically examine identity conflicts in the United States while the contributions on applied linguistics and language pedagogy offer insights into online teaching experiences during COVID 19 sociocultural aspects of language use and the formation of bilingual identities Employing innovative methods in reinterpreting literary works political narratives and different types of discourse past and present this collection contributes to ongoing scholarly dialogues on the multifaceted challenges associated with identity construction through border crossings
