Siegel, 1969-03-01      **Shakespeare in His Time and Ours** Paul Noah Siegel, 1968      **Shakespeare, Theatre, and Time** Matthew Wagner, 2013-03-01 That Shakespeare thematized time thoroughly almost obsessively in his plays is well established time is among other things a devourer Love's Labour's Lost one who can untie knots Twelfth Night or perhaps most famously simply out of joint Hamlet Yet most critical commentary on time and Shakespeare tends to incorporate little focus on time as an essential if elusive element of stage praxis This book aims to fill that gap Wagner's focus is specifically performative asking after time as a stage phenomenon rather than a literary theme or poetic metaphor His primary approach is phenomenological as the book aims to describe how time operates on Shakespearean stages Through philosophical historiographical dramaturgical and performative perspectives Wagner examines the ways in which theatrical activity generates a manifest presence of time and he demonstrates Shakespeare's acute awareness and manipulation of this phenomenon Underpinning these investigations is the argument that theatrical time and especially Shakespearean time is rooted in temporal conflict and thickness the heightened sense of the present moment bearing the weight of both the past and the future Throughout the book Wagner traces the ways in which time transcends thematic and metaphorical functions and forms an essential part of Shakespearean stage praxis      Proceedings at the Fourth Shakespearean Festival, given by the Urban Club ... Staub, 2025-10-01 Writing on the cusp of modern botany and during the heyday of English herbals and garden manuals Shakespeare references at least 180 plants in his works and makes countless allusions to horticultural and botanical practices Shakespeare's Botanical Imagination moves plants to the foreground of analysis and brings together some of the rich and innovative ways that scholars are expanding the discussion of plants and botany in Shakespeare's writings The essays gathered here all emphasize the interdependence and entanglement of plants with humans and human life whether culturally socially or materially and vividly illustrate the fundamental role plants play in human identity As they attend to the affinities and shared materiality between plants and humans in Shakespeare's works these essays complicate the comfortable Aristotelian hierarchy of human animal plant And as they do they often challenge the privileged position of humans in relation to non human life      *The Magazine of Art*, 1885      "The" New Shakspeare Society New Shakspeare Society, 1882      **The Works of William Shakespeare** William Shakespeare, 1898      **You are Invited to Join the New Shakspeare Society**, 1873      **The Central Literary Magazine**, 1899      The Merchant of Venice Sara Schupack, 2009 Act by act scene by scene this guide creates a total immersion

nightmarish storm is hovering over Us right now and the dark clouds are threatening almost every aspect of Our lives In the  
wake of every crisis there comes a moment when a lightening bolt of truth hits The sting goes deep and anger arises when  
Our pretentious picture of Ourselves is disturbed but the pain of facing past mistakes will be worth it if it wakes Us up to  
remember Who We are We must learn what it takes to be good stewards of the legacy left to Us We are facing a tempestuous  
point in time but built into every storm is the chance to learn and grow We have to know Who We are and what is required to  
keep the dream alive Change must come but We must be the change The evolution of both democracy and Humankind  
requires education and cooperation Nothing more and nothing less The next step is a matter of choice Our choice It is time to
