Shakespeare And Minorities An Annotated Bibliography 1970 2000:

Shakespeare and Minorities Parvin Kujoory, 2001 In a bibliography of criticism rather than Shakespeare texts or thoughts Kujoory offers an indicative rather than exhaustive annotated list of over 900 items that she has relied on or selected as most germane for the various interpretations or critical reception of Shakespeare plays with regard to women blacks Jews homosexuals slaves and others The annotations are primarily descriptive but some include short excerpts Annotation copyrighted by Book News Inc Portland OR

Women in the Age of Shakespeare Theresa D. Kemp, 2009-12-14 This book offers a look at the lives of Elizabethan era women in the context of the great female characters in the works of William Shakespeare Like the other entries in this fascinating series *Women in the Age of Shakespeare* shows the influence of the world William Shakespeare lived in on the worlds he created for the stage this time by focusing on women in the Elizabethan and Jacobean eras in general and in Shakespeare's works in particular *Women in the Age of Shakespeare* explores the ancient and medieval ideas that Shakespeare drew upon in creating his great comedic and tragic heroines It then looks at how these ideas intersected with the lived experiences of women of Shakespeare's time followed by a close look at the major female characters in Shakespeare's plays and poems Later chapters consider how these characters have been enacted on stage and in film interpreted by critics and scholars and re imagined by writers in our own time

The Tainted Muse Robert Sanford Brustein, 2009-01-01 This book is a masterful and engaging exploration of both Shakespeare's works and his age Concentrating on six recurring prejudices in Shakespeare's plays such as misogyny elitism distrust of effeminacy and racism Robert Brustein examines how Shakespeare and his contemporaries treated them More than simply a thematic study the book reveals a playwright constantly exploiting and exploring his own personal stances These prejudices Brustein finds are not unchanging over time they vary in intensity and treatment Shakespeare is an artist who invariably reflects the predilections of his age and yet almost always manages to transcend them Brustein considers the whole of Shakespeare's plays from the early histories to the later romances though he gives special attention to *Hamlet* *King Lear* *Othello* and *The Tempest* Drawing comparisons to plays by Marlowe Middleton and Marston Brustein investigates how Shakespeare's contemporaries were preoccupied with similar themes and how these different artists treated the current prejudices in their own ways Rather than confining Shakespeare to his age this book has the wonderful quality of illuminating both what he shared with his time and what is unique about his approach
