presents a collection of interviews and profiles that focus on Martin as a writer artist and original thinker over the course of
more than four decades in show business While those less familiar with his full body of work may think of Martin as primarily
the wild and crazy guy with an arrow through his head this book makes the case that he is in fact one of our nation s most
accomplished and varied artists It shows the full range of Martin s creative work tracing the source of his comic imagination
from his early standup days starting in the mid to late 1960s through the films he has written and starred in and emphasizing
his more recent creative outpourings as playwright essayist novelist memoirist songwriter composer musician and art critic
Standup is the hardest material in the world to write for someone else it s like trying to condense 10 years of experience into
20 minutes of new material Martin says But commenting on his fiction writing he says I think you have to be able to find as a
writer that state where you don t know what you re going to say or what the character is going to say or who the characters
are That s the biggest thrill of all When you start to trust that subconscious thing and you don t censor yourself just
remember you can always throw it away that s when the good stuff comes out The selected materials consist not only of
pieces focused primarily on Martin s writings but also broader profiles and conversations that help explain Martin s
development as a writer within the larger context of his many other accomplishments talents and performance skills *Card
