*Sailing to Byzantium* Osbert Lancaster, 1972      *Sailing to Byzantium: an architectural companion*, illus Osbert Lancaster,      *Hagia Sophia, 1850-1950* Robert S. Nelson, 2004-07-14 Hagia Sophia the Church of Holy Wisdom sits majestically atop the plateau that commands the straits separating Europe and Asia Located near the acropolis of the ancient city of Byzantium this unparalleled structure has enjoyed an extensive and colorful history as it has successively been transformed into a cathedral mosque monument and museum In *Hagia Sophia 1850 1950* Robert S Nelson explores its many lives Built from 532 to 537 as the Cathedral of Constantinople Hagia Sophia was little studied and seldom recognized as a great monument of world art until the nineteenth century and Nelson examines the causes and consequences of the building's newly elevated status during that time He chronicles the grand dome's modern history through a vibrant cast of characters emperors sultans critics poets archaeologists architects philanthropists and religious congregations some of whom spent years studying it others never visiting the building But as Nelson shows they all had a hand in the recreation of Hagia Sophia as a modern architectural icon By many means and for its own purposes the West has conceptually transformed Hagia Sophia into the international symbol that it is today While other books have covered the architectural history of the structure this is the first study to address its status as a modern monument With his narrative of the building's rebirth Nelson captures its importance for the diverse communities that shape and find meaning in Hagia Sophia His book will resonate with cultural architectural and art historians as well as with those seeking to acquaint themselves with the modern life of an inspired and inspiring building      [Encyclopedia of Greece and the Hellenic Tradition](#) Graham Speake, 2021-01-31 Hellenism is the living culture of the Greek speaking peoples and has a continuing history of more than 3 500 years The *Encyclopedia of Greece and the Hellenic Tradition* contains approximately 900 entries devoted to people places periods events and themes examining every aspect of that culture from the Bronze Age to the present day The focus throughout is on the Greeks themselves and the continuities within their own cultural tradition Language and religion are perhaps the most obvious vehicles of continuity but there have been many others law taxation gardens music magic education shipping and countless other elements have all played their part in maintaining this unique culture Today Greek arts have blossomed again Greece has taken its place in the European Union Greeks control a substantial proportion of the world's merchant marine and Greek communities in the United States Australia and South Africa have carried the Hellenic tradition throughout the world This is the first reference work to embrace all aspects of that tradition in every period of its existence      [Passionate Holiness](#) O'Neill Dennis O'Neill, Dennis O'Neill, 2010 NEW 2010 B W Edition Archbishop Desmond Tutu of Cape Town once said with regard to South Africa's Apartheid policy One of the ways of helping to destroy a people is to tell them that they don't have a history that they have no roots He recently described homophobic discrimination as totally unacceptable and unjust as Apartheid ever was Unfortunately it has been particularly difficult for some gay lesbian bisexual and transgendered Christians to remain

connected with and identified with their own faith traditions because some of these traditions not only treat them as people of secondary status but teach Christian history as though no people of same gender attraction or opposite gender identity had any noteworthy place in it and had made no significant contributions at all to Christian tradition *Passionate Holiness* tries to remedy this situation by explaining why acquaintance with the stories of Sts Polyeuct and Nearchus Sts Sergius and Bacchus Christ Holy Wisdom Sts Matrona Perpetua and Felicity Brigid and Darlughdach and many others with whom gender minorities can identify can help them to connect with their own history and spiritual legacy and empower them to face a brighter future with a sense of optimism and inclusion The story of the removal of the feast of Sts Sergius and Bacchus from the liturgical calendar of the Roman Catholic Church in 1969 ironically the very year New York's Stonewall Riots launched the gay liberation movement is a particularly revealing example of how far some religious authorities will go to keep gender minorities distanced from their own history This is all explored in *Passionate Holiness* It's a marvelous beautiful book Ursula Vaughan Williams poet novelist and widow of composer Ralph Vaughan Williams It was a fascinating study Congratulations on a job well done Andrew M Greeley priest sociologist novelist Many thanks for sending me your book *Passionate Holiness* which I enjoyed very much It is a fascinating account of the cult of Holy Wisdom mixed with stories of various distinctive people and the roles they have played in the history of the Church It is full of saints sinners heretics martyrs and those who persecuted them Some of these people and the ideas they believed in have featured in my novels though there was much that I was not aware of The material in the Russian and Irish chapters were new to me You say at the beginning of Chapter VII that the reader may cry out Too much information Not me *Passionate Holiness* is a work of remarkable scholarship and I wish it had been published before I wrote my Byzantine novels rather than afterwards If I ever return to Byzantium as a subject I am sure I will find your book invaluable The icons that illustrate the book are beautiful You are lucky to have access to works by such gifted artists If only my publisher had commissioned something similar for the cover of *Theodore* Maybe next time Christopher Harris English novelist author of *Theodore* *Memoirs of a Byzantine Eunuch* and *False Ambassador* Here's something the antigay modern Roman Catholic Church would like to forget In the early years of Christianity homosexual saints were worshipped too as Dennis O'Neill reminds us O'Neill is a Chicago based Catholic pastor who 11 years ago founded The Living Circle a spirituality center devoted to GLBT people and their friends In 1995 the Circle hosted an art exhibit entitled *Passionate Holiness* that displayed such holy icons as Saint Boris and George the Hungarian and Saints Brigid and Darlughdach of Kildare O'Neill's retelling of such stories plus striking color illustrations will surprise and inspire any reader gay or not Anne Stockwell Review from *The Advocate* May 24 2005 issue p 82 *Passionate Holiness* is indeed a remarkable book unlike any other that I know of Its scope     [The Byzantines](#) Averil Cameron, 2009-02-04 Winner of the 2006 John D Criticos Prize This book introduces the reader to the complex history ethnicity and identity of the Byzantines This volume brings Byzantium often misconstrued as a vanished successor to the classical world to the forefront of European

history Deconstructs stereotypes surrounding Byzantium Beautifully illustrated with photographs and maps *Brief Tests of Collection Strength* Howard D. White, 1995-09-26 For purposes of accreditation resource sharing and institutional mission librarians need to assess the strengths of their collections in particular subject areas This book describes and illustrates a brief test for determining a library's collection strength Though such tests are most often employed in academic libraries the methodology outlined by the author should be useful to all types of libraries in assessing the strength of their holdings In a time of increasing material and limited resources libraries need to be particularly judicious in deciding which works to acquire Oftentimes a library seeks to develop strong holdings in one or more subject areas Such an approach is especially useful for libraries that share their resources with other institutions To plan their acquisitions carefully and to be of greatest use to other consortia members a library needs to gauge the strength of its holdings accurately This volume describes and illustrates a relatively brief test to assign libraries a score for existing collection strength in a subject area Drawing upon expert human judgment and holdings data available from OCLC the test can assist librarians in setting and verifying collection levels on the RLG or WLN Conspectus scales Collection strength is often verified in a labor intensive fashion The brief test presented by the author is an economical alternative to the more typical labor intensive approach to collection analysis *Byzantinische Zeitschrift*, 1975 **Athens** Michael Llewellyn Smith, 2004 Michael Llewellyn Smith describes the history and culture of Athens site of the 2004 Olympic Games and city of monuments enduring purged and restored Exploring its streets and squares he reveals layers of Ancient Greek Roman and Byzantine history elegant Bavarian neoclassical buildings and a modern city of concrete and glass metro and tram **Architecture Books Arranged by Style and Periods** Mary A.
