When Your Neurons Dance Jonny Acheson, 2025-08-12 As an Emergency Medicine consultant in one of the busiest departments in the UK Dr Jonny Acheson loved his job Fuelled by adrenaline he treated and cared for some of the sickest patients who came through the doors In 2016 when he was 41 he was diagnosed with Parkinson s a progressive neurological condition for which there is no cure He found it increasingly difficult to multitask in his fast paced world The environment that he thrived in made his symptoms worse Parkinson s challenged his professional identity as an emergency doctor and he didn t know what to do When Your Neurons Dance is about how he is adapting over time with support around him how he looked to the past to help him in the present embracing change as new doors opened both inside and outside medicine Ultimately as a doctor practising with Parkinson s he found a way to give back despite a condition that always takes away

RIP (Rest In Peace), a CUL8R Time Travel Mystery/Romance Bob Kat, 2014-02-21 You don t have to believe in ghosts until you meet one Once again Kelly Scott Austin and Zoey are listening to the Spirit Radio when they hear a cry for help from a mother whose four year old daughter Emma went missing in the middle of a busy lobby at the infamous Stanley Hotel But time traveling back to 1911 is a lot more complicated than the three trips they had taken earlier in the summer They have to find appropriate clothes and figure out a way to pay for their stay When they hear about a tragic fire that hurt several hotel employees the teens take advantage of the hotel s desperation and get jobs working as lady s maids and houseboys so they can keep an eye on Emma and her family Even though they know that The Stanley Hotel is possibly the most haunted place in the U S the four teenagers are a little creeped out when they hear ghostly children running in the halls singing songs and even a mysterious ball that keeps showing up in their room How could a hotel that is only two years old already be haunted Most importantly how can they stop Emma from becoming one of the ghosts that are trapped inside the luxurious hotel Midway through their first summer together they celebrate the Fourth of July twice in one year As they try to figure out the mystery of Emma s disappearance they bump in some famous people and experience several historical events But ultimately it s their trust in each other and the friendship that has been forged by two unique experiences no one else on the planet has ever done talk with dead people and time travel to the past Their first trip back to 1966 had stopped the murder of a teenager from their school Their next trip to 1980 had tested their courage as they were brought face to face with a man who was determined to murder an entire family Their last trip to 1927 had saved the life of a handsome young man who had run away to a traveling circus Zoey the former mean girl of South Beach High School suffered her first heartbreak by falling in love with a man from the wrong century Back in 1911 there are no TV news crawlers or Amber Alerts like we see along the interstate highways today Instead Kelly Scott Austin and Zoey must try to be in the right place at the right time to stop the tragedy of Emma s disappearance from happening They follow her and her family around while enjoying life among the rich and famous They arrive as skeptics but leave as believers when all four teens have ghostly encounters Kelly and Austin grow

closer as they share fireworks shows first on the sand in Fort Myers Beach and second on a blanket in the Rocky Mountains But is their romance doomed almost as soon as it began When their plans go wrong they face their first defeat The same danger that takes Emma now threatens the teens when one of their own is captured in a killer's web Will they be able to save Emma Or will they join her as permanent guests in the ghostly halls of The Stanley Hotel **You Are Not Your Own** Alan Noble, 2021-10-12 Modern life tells us that it's up to us to forge our own identities and to make our lives significant But the Christian gospel offers a strikingly different vision one that reframes the way we understand ourselves our families our society and God Contrasting these two visions of life Alan Noble invites us into a better understanding of who we are and to whom we belong **Sounds Like Love** Ashley Poston, 2025-06-17 A hitmaking songwriter and a bitter musician share a startling and inexplicable connection that they'll do anything to shake in the next sparkling magical book from the New York Times bestselling author of *The Seven Year Slip* and *A Novel Love Story* Named a Most Anticipated book of Summer 2025 by The New York Times People USA Today Marie Claire E News Brit Co Yahoo Life She Reads and more Joni Lark has a secret She's one of the most coveted songwriters in LA and yet she can't write There's an emptiness inside her and nothing seems to fill it When she returns to her hometown of Vienna Shores North Carolina she hopes that the sand the surf and the concerts at The Revelry her family's music venue will spark inspiration But when Joni gets there nothing is how she left it Her best friend is hiding something her mother's memories are fading fast and The Revelry is closing How can Joni write when her world is leaving her behind Until she hears it A melody in her head lyricless and half formed and an alluring and addictive voice to go with it belonging apparently to a wry musician with an emptiness of his own Surely he's a figment of Joni's overworked imagination Then a very real man shows up in Vienna Shores He's arrogant and guarded nothing like the sweet funny voice in Joni's head and he has a plan for breaking their inconvenient telepathic connection finish the song haunting them both and hope they don't risk their hearts or their secrets in the process Because that melody the one drawing them together what if it's there for a reason *Pro Football Prospectus 2007* Aaron Schatz, 2007-07 Schatz and the experts at FootballOutsiders.com use groundbreaking statistical analysis to provide readers with a new understanding of how football works without sacrificing readability **The Brewer's Digest**, 1971 **The Times Index**, 2008 Indexes the Times and its supplements **Invitation to Psychology** John P. Chudacoff, 1981 In over three centuries of growth and change American cities have exerted forces that have been both centrifugal pulling people resources
