

## **PRICE INCREASE LETTER**

**Subject:** Upcoming Pricing Adjustment Effective March 1, 2097

**Dear Ms. Kate Phillips,**

Thank you for being a loyal customer and for trusting us with your business over the years. Your support means a great deal to us, and we are committed to continuing to provide you with the exceptional quality and service you've come to expect.

I am writing to inform you about an upcoming adjustment to our pricing structure, effective March 1, 2097. Over the past year, we have faced rising costs in production, materials, and operational expenses. To maintain the high standards of our services and introduce exciting new features, it has become necessary to implement a price increase.

Starting March 1, 2097, the monthly subscription rate will increase from \$50 to \$60. This adjustment allows us to continue delivering top-tier service, enhance our offerings, and ensure we can meet your evolving needs effectively.

We understand that price changes can be challenging, and we want to support you during this transition. As a token of our appreciation, customers renewing their subscription before February 15, 2097, will receive a one-time 10% discount on the new rate.

We truly value your understanding and continued partnership. If you have any questions or concerns about this change, please don't hesitate to reach out. You can contact me directly at [support@company.com](mailto:support@company.com) or call (555) 123-4567.

Thank you again for your trust in us. We look forward to serving you in the future.

**Sincerely,**

Kevin Doyle

Customer Relations Manager

## Cover Letter Prices:

**Federal Register**, 1961      *Handbook of Research Design and Social Measurement* Delbert C. Miller, Neil J. Salkind, 2002-01-16

If a student researcher had only one handbook on their bookshelf Miller and Salkind's Handbook would certainly have to be it. With the updated material the addition of the section on ethical issues which is so well done that I'm recommending it to the departmental representative to the university IRB and a new Part 4 on Qualitative Methods the new Handbook is an indispensable resource for researchers. Dan Cover, Department of Sociology, Furman University. I have observed that most instructors want to teach methodology their way to imbue the course with their own approach. Miller Salkind allows one to do this easily. The book is both conceptually strong e.g. very good coverage of epistemology, research design and statistics and at the same time provides a wealth of practical knowledge, scales, indices, professional organizations, computer applications etc. In addition it covers the waterfront of methodology. Michael L. Vasu, Director of Information Technology, North Carolina State University. A unique and excellent reference tool for all social science researchers and a good textbook for graduate students and senior year undergraduate classes. These students are about to enter the real life of research and need a handy and comprehensive tool as a starting point that offers shortcuts for getting into real research projects. For a small project the book offers enough information to get the project started. For big projects the book is ideal for information on where to look for things and examples. Jianhong Liu, Department of Sociology, Rhode Island College. The book considered a necessity by many social science researchers and their students has been revised and updated while retaining the features that made it so useful. The emphasis in this new edition is on the tools graduate students and more advanced researchers need to conduct high quality research. Features: Benefits: Provides step by step instruction for students research training by beginning with how to find a creative idea, a middle range theory and initial hypothesis and proceeds through design, proposal, collection and analysis of data followed by writing, reporting and publication. Section on scales and indices are organized so that readers can quickly locate and find the type of scale or index in which they may be interested. All sections are now followed by useful and well considered reference sections so that readers can read more about each topic. Includes updated coverage on new scales, internal and external validity and new analytic techniques with extensive references on each. Presents extensive coverage of how to prepare manuscripts for publication including a list of all journals covered by Sociological Abstracts along with the editorial office address and URL for each entry. Discusses the importance of policy research with presentation and discussion of specific models as an adjunct to both applied and basic research techniques. Provides extensive coverage of funding opportunities including those offered by the National Institutes of Health, the National Science Foundation and a directory of private funding sources including relevant contact information. New to this edition: New Part 4 by John Creswell and Ray Maletta provides a comprehensive introduction to qualitative methods including a review of existing computer applications for collecting and analyzing data. New and more current reviews and

commentaries have replaced dated or no longer relevant excerpts Thousands of new references on the assessment of important sociological variables as well as references to such topics as statistical analysis computer applications and specific topics Thoroughly updated information on the use of computers and online research techniques including beginning and intermediate material about the Internet and its use by the modern research scientist Coherent and thoughtful review of the most popular statistical analysis software packages New guidelines and discussion of ethical practices in social and behavioral science research including extensive coverage of institutional review board procedures and activities Expansion of social indicators to include international coverage Plus there is an extensive and well organized table of contents with four levels of headings and for the first time in the history of the book a comprehensive index

**Business Capital 101** Roberta A. Pellant, Tony Drexel-Smith, 2021-04-26 The purpose of this book is to define the process and protocols of the TASASS score It also serves as the textbook for the USCGA TASASS certification course It was written as a manual for students entrepreneurs finance professionals advisors and consultants It defines the types of capital available and documentation requirements to achieve success in the capital marketplace Success is defined as a trifecta of 1 the enterprise acquiring capital 2 the business becoming successful and 3 the capital source s receiving a positive outcome Business Capital 101 provides clarity in an otherwise complicated environment of gaining access to capital for qualified enterprises Our mission is to provide a compliant professional time sensitive cost conscious and realistic approach to the business finance process We accomplish this mission by the implementation of a due diligence process known as the TASASS score The TASASS score was developed as a result of a study of more than 300 enterprises engaged by me since 2008 wherein I was able to determine the more than 300 common attributes amongst successful and failed ventures The TASASS score is a combination of a Transaction Analysis TA a Situation Analysis SA implemented in a Software S that results in a Score S The TASASS score is a standardized objective due diligence process that serves capital markets during the enterprise vetting phase of capitalization The software was created based on a 10 year study of 300 applicants The goal of the proprietary Software as a Service SaaS is to identify opportunities that achieve a TASASS score in excess of 92.5% known as TASASS Prime TASASS is an acronym for Transaction Analysis Situation Analysis Scoring Software The TASASS score was developed by Tony Drexel Smith through the financial and human capital resources of TASASS Inc The Association of Blue Moon Advisors Blue Moon Advisors Inc Blue Moon Consortium Inc US Capital Global SUMATICI Inc and TD Smith they created documentation that speaks to the correct capital and they earned a minimum of 925 out of the 1 000 points possible in our TASASS score Tony Drexel Smith Dr Roberta Pellant
