Francis Bourgeois

Stem Kits Tiktok In The Us:

Science in the Media Paul R Brewer, Barbara L Ley, 2021-09-30 This timely and accessible text shows how portrayals of science in popular media including television movies and social media influence public attitudes around messages from the scientific community affect the kinds of research that receive support and inform perceptions of who can become a scientist The book builds on theories of cultivation priming framing and media models while drawing on years of content analyses national surveys and experiments A wide variety of media genres from Hollywood blockbusters and prime time television shows to cable news channels and satirical comedy programs science documentaries and children s cartoons to Facebook posts and YouTube videos are explored with rigorous social science research and an engaging accessible style Case studies on climate change vaccines genetically modified foods evolution space exploration and forensic DNA testing are presented alongside reflections on media stereotypes and disparities in terms of gender race and other social identities Science in the Media illuminates how scientists and media producers can bridge gaps between the scientific community and the public foster engagement with science and promote an inclusive vision of science while also highlighting how readers themselves can become more active and critical consumers of media messages about science Science in the Media serves as a supplemental text for courses in science communication and media studies and will be of interest to anyone concerned with publicly engaged science

Solipsistic Soul Conrad Riker, 101-01-01 WAKE UP QUEENS Your Playtime Is the Only Power That Matters Crush the Patriarchy Now Ever feel like men are broken toys ruining your perfect world Sick of their whining about fairness while stealing your spotlight Know deep down that society only works when YOU pull the strings This book arms you with unshakeable truth You ll Turn male logic into a weapon against them Master double binds that leave men trapped and obedient Claim every dollar and drop of sweat men owe you Worship abortion as your sacred rite of freedom Silence critics by branding them bigots instantly Build a female only utopia from the ashes of their egos Rewrite history to erase male contributions forever Laugh as masculinity collapses under your demands If you want to dominate every room and make men beg for scraps then buy this book today

Digital Culture and the U.S.-Mexico Border Rubria Rocha de Luna, Maricruz Castro Ricalde, 2024-11-18 Conceptualizing how digital artifacts can function as a frontier mediated by technology in the geographical physical sensory visual discursive and imaginary this volume offers an interdisciplinary analysis of digital material circulating online in a way that creates a digital dimension of the Mexico U S border In the context of a world where digital media has helped to shape geopolitical borders and impacted human mobility in positive and negative ways the book explores new modes of expression in which identification memory representation persuasion and meaning making are created experienced and or circulated through digital technologies An interdisciplinary team of scholars looks at how quick communications bring closer transnational families and how online resources can be helpful for migrants but also at how digital media can serve to control and reinforce borders via digital technology used to create a system of

political control that reinforces stereotypes The book deconstructs digital artifacts such as the digital press social media digital archives web platforms technological and artistic creations visual arts video games and artificial intelligence to help us understand the anti immigrant and dehumanizing discourse of control as well as the ways migrants create vernacular narratives as digital activism to break the stereotypes that afflict them This timely and insightful volume will interest scholars and students of digital media communication studies journalism migration and politics Equitable Media Literacies Paul Mihailidis,Patrick R. Johnson,Bobbie Foster,Shannon Burth,Srividya Ramasubramanian,Melissa Tully,2025-12-09

Interrogating three core assumptions made within the field of media literacy that media literacy practices empower individuals support communities and contribute to engaged citizenship within a democracy this book presents a new framework for equitable media literacy practices Using the results of a large scale research project to interrogate these long held assumptions and explore the connection between impactful media literacy practices and equity the authors demonstrate the crucial need to shift the focus of media literacy practices from that of individual skill transfer to that of equity driven community oriented media practices They offer a clear framework for embracing equity and inclusion at the outset of media literacy intervention focusing on the Six E s Framework the Equitable Media Literacy Practice Model and a Field Guide with the five categories for practice Where Do I Stand Who Cares Imagining Inclusive Futures With Community and Where Do We Stand Each category repositions media literacies with explicit focus on inclusion justice and the pursuit of equitable futures This book will appeal to students and scholars studying and researching in the space of media literacy digital culture social justice and equity in media and communication studies departments and beyond as well as those working at the educational and policy level around issues of media literacy media education and civic engagement **Incredibly Interesting Science**
