The Lemonade Stand Millionaire Gail Haynes, 2013-03-01 When Gail

Haynes became a single mother with two kids under six years of age she vowed that her kids would never go through the financial hardships she was experiencing and immediately began teaching them how to make money work for them By the time her daughters were seven and nine they had started their own business Seven years and several expansions later they are still managing their business completely debt free Based on the simple but vital financial principles Gail taught her own children The Lemonade Stand Millionaire is a practical guide to help parents to start conversations about money and business with their kids of any age even as early as two years old Rather than just telling kids what to do and how to do it this highly interactive approach shows parents how to teach their kids to handle money challenges and disappointments as well as wonderful successes Of course parents are also learning at the same time When children are ready to venture into self employment these fun and interactive exercises teach them what it takes to turn a recognized need into a bona fide business Many multimillion dollar businesses started with a simple idea Not every child will want to start his or her own business but every child needs to understand how money works and how to make it work for them The Lemonade Stand Millionaire will set them up for financial success with skills and habits that will make the difference between a life of financial struggle and a balanced way of thinking about and handling money

Digital Arts and Entertainment: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2014-06-30 In today's interconnected society media including news entertainment and social networking has increasingly shifted to an online ubiquitous format Artists and audiences will achieve the greatest successes by utilizing these new digital tools Digital Arts and Entertainment Concepts Methodologies Tools and Applications examines the latest research and findings in electronic media evaluating the staying power of this increasingly popular paradigm along with best practices for those engaged in the field With chapters on topics ranging from an introduction to online entertainment to the latest advances in digital media this impressive three volume reference source will be important to researchers practitioners developers and students of the digital arts
