about anyway Do they start with an ingenious line drawn by the hand of a designer with a new technology or a new material
They certainly do However often new product innovations come from the supplier industry which paves the way into the
market for new materials and technologies The detail solutions and materials developed by this industry form the basis of the
innovations by large brand companies therefore this book is not about a new look but about intelligent solutions for products
with added value and about new materials and modules for the design of tomorrow s living environments As a platform for
the leading innovations of the supplier industry this book includes profiles of all the products that have received an award
from the international jury of renowned designers at the interzum 2005 in Cologne Furthermore it also explains how new
materials and functions come about and points out the potentials for creative people from the fields of architecture and
design containing an in depth interview with star designer Philippe Starck as a prominent representative BOOK JACKET
