Pidgins, Creoles and Mixed Languages Viveka Velupillai, 2015-04-15 This lucid and theory neutral introduction to the study of pidgins creoles and mixed languages covers both theoretical and empirical issues pertinent to the field of contact linguistics Part I presents the theoretical background with chapters devoted to the definition of terms the sociohistorical settings theories on the genesis of pidgins and creoles as well as discussions on language variation and the sociology of language Part II empirically tests assumptions made about the linguistic characteristics of pidgins and creoles by systematically comparing them with other natural languages in all linguistic domains This is the first introduction that consistently applies the findings of the Atlas of Pidgin and Creole Language Structures and systematically includes extended pidgins and mixed languages in the discussion of each linguistic feature The book is designed for students of courses with a focus on pidgins creoles and mixed languages as well as typologically oriented courses on contact linguistics

Sprachbeschreibung & Typologie Bernhard Wälchli, 2001 **Substrate and Adstrate** Micah Corum, 2015-04-24 This volume provides a large scale in depth analysis of locative structures in Nigerian Pidgin and Ghanaian Pidgin English and compares those structures to locatives in their lexifier substrate and adstrate languages The work draws on new research methods for investigating substrate and adstrate influence in semantics and creole genesis **Language Contact in Africa and the African Diaspora in the Americas** Cecelia Cutler, Zvezdana Vrzić, Philipp Angermeyer, 2017-07-12 Language Contact in Africa and the African Diaspora in the Americas brings together the original research of nineteen leading scholars on language contact and pidgin creole genesis In recent decades increasing attention has been paid to the role of historical cultural and demographic factors in language contact situations John Victor Singler's body of work a model of what such a research paradigm should look like strikes a careful balance between sociohistorical and linguistic analysis The case studies in this volume present investigations into the sociohistorical matrix of language contact and critical insights into the sociolinguistic consequences of language contact within Africa and the African Diaspora Additionally they contribute to ongoing debates about pidgin creole genesis and language contact by examining and comparing analyses and linguistic outcomes of particular sociohistorical and cultural contexts and considering less studied factors such as speaker agency and identity in the emergence nativization and stabilization of contact varieties Sprachtod und Sprachgeburt Peter Schrijver, Peter-Arnold Mumm, 2004 W hrend der 4500 Jahre Sprachgeschichte die uns durch schriftliche berlieferung heute zug nglich sind waren Sprachtod und Sprachgeburt allt gliche Erscheinungen Zwischen der ltesten bekannten ausgestorbenen Sprache dem Sumerischen und den vielen vom Aussterben bedrohten Sprachen der heutigen Welt liegen zahllose weitere F lle von Sprachuntergang Sprachersatz und Sprach berschichtung Heute fordert das Englische Opfer auch im vielsprachigen Europa unter denen sich m glicherweise eines Tages auch das Deutsche einreihen wird Wie schafften es Latein und Sanskrit der Regel zu trotzen dass jede Sprache sich ber die Jahrhunderte entwickelt und ndert

Case-Marking in Contact Felicity Meakins, 2011-09-14 Until recently mixed languages were considered an oddity of contact linguistics with debates about whether or not they actually existed stifling much descriptive work or discussion of their origins These debates have shifted from questioning their existence to a focus on their formation and their social and structural features This book aims to advance our understanding of how mixed languages evolve by introducing a substantial corpus from a newly described mixed language Gurindji Kriol Gurindji Kriol is spoken by the Gurindji people who live at Kalkaringi in northern Australia and is the result of pervasive code switching practices Although Gurindji Kriol bears some resemblance to both of its source languages it uses the forms from these languages to function within a unique system This book focuses on one structural aspect of Gurindji Kriol case morphology which is from Gurindji but functions in ways that differ from its source

Relative Clauses in Languages of the Americas Bernard Comrie, Zarina Estrada Fernández, 2012 Patterns of relative clause formation tend to vary according to the typological properties of a language Highly polysynthetic languages tend to have fully nominalized relative clauses and no relative pronouns while other typologically diverse languages tend to have relative clauses which are similar to main or independent clauses Languages of the Americas with their rich genetic diversity have all been under the influence of European languages whether Spanish English or Portuguese a situation that may be expected to have influenced their grammatical patterns The present volume focuses on two tasks The first deals with the discussion of functional principles related to relative clause formation diachrony and paths of grammaticalization simplicity vs complexity and formalization of rules to capture semantic syntactic correlations The second provides a typological overview of relative clauses in nine different languages going from north to south in the Americas

New Contree, 2000 *The Handbook of Pidgin and Creole Studies* Silvia Kouwenberg, John Victor Singler, 2008-12-03 Their comparatively recent origins and their shared grammatical features provide pidgins and creoles with a special place in linguistic theory While providing a comprehensive treatment of core aspects of pidgins creoles this handbook focuses on the questions that animate creole studies
