Pilgrimage Volume 3 Deadlock Revolving Ligh:

Pilgrimage Dorothy Richardson,1989-05 **Modernist Soundscapes** Angela Frattarola,2018-11-12 This study questions how early twentieth century auditory technologies altered sound perception and how these developments shaped the modernist novel Without polarizing vision and audition this book reveals how modernists tend to use auditory perception to connect characters shifting the subject from a distanced judgmental observer to a reverberating body attuned to the moment **Feminism and the Postmodern Impulse** Magali Cornier Michael,1996-07-03 Analyzes the intersections between feminist politics and postmodern aesthetics as demonstrated in recent Anglo American fiction **Step-daughters of England** Jane Garritty,2003 By reading the work of the British modernists Dorothy Richardson Sylvia Townsend Warner Mary Butts and Virginia Woolf through the lens of material culture this text argues that women s imaginative work is inseparable from their ambivalent complicated relation to Britain s imperial history **Notes on Pilgrimage** George H. Thomson,1999 Notes on Pilgrimage by identifying historical persons events ideas quotations as well as writings that underpin Richardson s story illuminates these factual details and enriches our understanding of the narrative A translation of foreign words and phrases a record of textual misprints and a thorough two part index add to the value of the book BOOK JACKET **The Single Woman, Modernity, and Literary Culture** Emma Sterry,2017-06-22 This book situates the single woman within the evolving landscape of modernity examining how she negotiated rural and urban worlds explored domestic and bohemian roles and traversed public and private spheres In the modern era the single woman was both celebrated and derided for refusing to conform to societal expectations regarding femininity and sexuality The different versions of single women presented in cultural narratives of this period including the old maid odd woman New Woman spinster and flapper were all sexually suspicious The single woman however was really an amorphous figure who defied straightforward categorization Emma Sterry explores depictions of such single women in transatlantic women s fiction of the 1920s to 1940s Including a diverse selection of renowned and forgotten writers such as Djuna Barnes Rosamond Lehmann Ngaio Marsh and Eliot Bliss this book argues that the single woman embodies the tensions between tradition and progress in both middlebrow and modernist literary culture

A Reader's Guide to Dorothy Richardson's Pilgrimage George H. Thomson,1996 This guide to Richardson s Modernist documentary novel Pilgrimage provides a precise chronology of events keyed to the novels by page number a description of relationships among the principal persons of the story a descriptive alphabetical directory of the characters and an annotated secondary bibliography No index Annotation copyright by Book News Inc Portland OR **A Short Media History of English Literature** Ingo Berensmeyer,2022-08-01 This book explores the history of literature as a history of changing media and modes of communication from manuscript to print from the codex to the computer and from paper to digital platforms It argues that literature has evolved and continues to evolve in sync with material forms and formats that engage our senses in multiple ways Because literary experiences are embedded in and enabled by media the book focuses on literature as a

changing combination of material and immaterial features The principal agents of this history are no longer genres authors and texts but configurations of media and technologies In telling the story of these combinations from prehistory to the present Ingo Berensmeyer distinguishes between three successive dominants of media usage that have shaped literary history performance representation and connection Using English literature as a test case for a long view of media history this book combines an unusual bird s eye view across periods with illuminating readings of key texts It will prove an invaluable resource for teaching and for independent study in English or comparative literature and media studies

Moving Images, Mobile Viewers Renate Brosch,2011 Vision and movement seem to have shifted center stage in modes of experience in the last century as a result of their joint effect slow contemplative gazes at static images seem to be increasingly displaced by distracted vernacular ways of seeing Looking out of the window of a speeding car receiving photographs of Earth from outer space watching the flickering images of the TV screen scrolling through a text zooming in on a location in Google Earth or sending images via mobile phones or webcams all these are unique visual experiences that were impossible before various inventions in the 20th century originated completely new kinds of movement The double meaning of moving images is meant to signal the specificity of motion to these images and at the same time to express the emotional power of those visual images which are able to transcend the constant stream of images in contemporary perception Series Kultur und Technik Schriftenreihe des Internationalen Zentrums für Kultur und Technikforschung der Universität Stuttgart Vol 20
