Painless Series authors all of them experienced educators are experts at clearing up aspects of their subjects that students are likely to find confusing. These books also perk up students' interest by emphasizing the attention-catching ways in which the subjects can be put to practical use. Most Painless Series titles take a light-hearted approach to their subjects and all of them present fun to solve challenges with puzzles, games and Brain Tickler problems. Although Painless Series titles are written primarily for middle school and high school students, older students and adults who need to refresh their skills will also find these books extremely helpful.
