Fool's Gold Susan Crabtree, Jedd McFatter, 2025-03-11 An investigation that shows how the most ambitious figures in the Democratic Party want to transform the rest of America into the progressive dystopia that is California Take a close look at today's Democratic Party power brokers and you'll quickly realize most of them share one thing in common California Residents are fleeing the Golden State in droves Catastrophic wildfires fueled by years of corruption and collusion between elected officials and colossal utility companies continue to devastate communities The state's homelessness crisis is the worst in the country Drug related deaths are skyrocketing And violent crime and smash and grab retail theft is now commonplace For too many across the state pursuing the Californian Dream is now a fool's errand But what people don't know is what's driving these failures why California's leaders have allowed them to spiral and how this contagion could spread to every other city and town in the United States if it isn't exposed for what it is failed far left social experiments From the investigative research team behind Peter Schweizer's runaway bestsellers comes Fool's Gold a hard hitting work of journalism that tells the untold story of the dark side of the Democratic Party's Californian elites and the toll they've taken on the entire country One of Schweizer's top investigators Jedd McFatter has teamed up with award winning investigative journalist Susan Crabtree to expose the most powerful names in politics Gavin Newsom Kamala Harris Nancy Pelosi and Adam Schiff among others Their investigation exposes The most powerful and ambitious politicians and family dynasties and their questionable association with convicted criminals and unsavory business partners World class con artists and their schemes to defraud plunder and literally poison the people and institutions of America including the illegal alien drug dealers getting rich and avoiding prison and deportation while killing Americans with fentanyl and other illicit drugs Myriad schemes in which officials line their own pockets and sell out to the Chinese government along with other foreign interests You'll see how California's elites retain political power at the national and international scale through secrecy and deception How did the Golden State become this tarnished And more importantly why is California's corrosion continuing This explosive book warns that Gavin Newsom is actually right when he often declares As goes California so goes the nation America's future is inextricably tied to California because of its sheer size and the enormous influence of its political figures who remain dead set on controlling the White House for decades to come and turning the rest of America into California It's a story the mainstream media would prefer to keep hidden

Democracy May Not Exist, But We'll Miss It When It's Gone Astra Taylor, 2019-05-07 A New Civil Rights Leader explores what we mean when we speak of democracy and if democracy can truly ever exist LA Times There is no shortage of democracy at least in name and yet it is in crisis everywhere we look From a cabal of plutocrats in the White House to gerrymandering and dark money campaign contributions it is clear that the principle of government by and for the people is not living up to its promise The problems lie deeper than any one election cycle As Astra Taylor demonstrates real democracy fully inclusive and completely egalitarian has in fact never existed In a tone that is both philosophical and anecdotal weaving together history theory the stories of individuals and interviews with such leading thinkers as Cornel West and Wendy Brown Taylor invites us to reexamine the term Is democracy a means or an end a process or a set of desired outcomes What if those outcomes whatever they may be peace prosperity equality liberty an engaged citizenry can be achieved by non democratic means In what areas of life should democratic principles apply If democracy means rule by the people what does it mean to rule and who counts as the people Democracy s inherent paradoxes often go unnamed and unrecognized Exploring such questions Democracy May Not Exist offers a better understanding of what is possible what we want why democracy is so hard to realize and why it is worth striving for Astra Taylor will change how you think about democracy She unpacks it wrestles with it with the question of who gets included and how and excavates the invisible assumptions that have been bred into our idea of democracy Ezra Klein The Ezra Klein Show An impressive contribution Taylor sets out to impart some coherence and substance to the term in order to rescue it from ignorance and obfuscation and displays considerable intellectual nimbleness Randall Kennedy The New York Times Book Review Magnificent paradigm shifting Taylor s deep and wide examination of democratic movements conversations and grassroots institutions makes the reader feel democracy as pleasure of thinking and acting The Los Angeles Review of Books
