Sharing Matthew David, 2017-07-25 Today's economic system premised on the sale of physical goods does not fit the information age in which we live. The capitalist order requires the maintenance of an artificial scarcity in goods that have the potential for near infinite and almost free replication. The sharing of informational goods through distributed global networks, digital libraries, file sharing, live streaming, free software, free access publishing, the free sharing of scientific knowledge and open source pharmaceuticals not only challenges the dominance of a scarcity based economic system but also enables a more efficient, innovative, just and free culture. In a series of seven explorations of contemporary sharing, Matthew David shows that in each case sharing surpasses markets, private ownership and intellectual property rights in fostering motivation, creativity, innovation, production, distribution and reward. In transforming the idea of an information economy into an information society, sharing connects struggles against inequality and poverty in developed and developing countries. Challenging taken for granted justifications of the status quo, Sharing debunks the tragedy of the commons and makes the case for digital network sharing as a viable mode of economic counterpower, prefiguring a post capitalist society. **Effective Altruism**

Hilary Greaves, Theron Pummer, 2019-09-12 This is the first collective study of the thinking behind the effective altruism movement. This movement comprises a growing global community of people who organise significant parts of their lives around the two key concepts represented in its name. Altruism is the idea that if we use a significant portion of the resources in our possession, whether money, time or talents, with a view to helping others, then we can improve the world considerably. When we do put such resources to altruistic use, it is crucial to focus on how much good this or that intervention is reasonably expected to do per unit of resource expended as a gauge of effectiveness. We can try to rank various possible actions against each other to establish which will do the most good with the resources expended. Thus we could aim to rank various possible kinds of action to alleviate poverty against one another or against actions aimed at very different types of outcome, focused perhaps on animal welfare or future generations. The scale and organisation of the effective altruism movement encourage careful dialogue on questions that have perhaps long been there, throwing them into new and sharper relief and giving rise to previously unnoticed questions. In this volume, a team of internationally recognised philosophers, economists and political theorists present refined and in depth explorations of issues that arise once one takes seriously the twin ideas of altruistic commitment and effectiveness. **Billboard**, 2004-01-10 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital events brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends. **Arts America: Enjoying the Best Art Museums, Theater, Classical Music, Opera, Jazz, Dance, Film, and Summer Festivals in America**, 2014-03-17 Timesong is the inspirational story of a three-legged coyote named J.B. who befriends Tom, an autistic boy. Following his father's death, Tom retreats into a shell of isolation. J.

b counters Tom's despair with an uplifting explanation of immortality For those trying to reconcile the loss of a loved one Timesong may be the key that opens the door to acceptance and peace of mind Esquire ,1939 *Concert Bulletin of the Boston Symphony Orchestra* Boston Symphony Orchestra,1941 *Music Trades* ,1918 *New York* ,1994-06
