Cats and Dogs

Directions: Read about cats and dogs. Then, complete the Venn diagram, telling how they are the same and different.

Cats and dogs are popular pets. Both cats and dogs have fur, and they need food and water every day. Cats are usually quiet and like to climb, while dogs often bark and enjoy running outside. Cats clean themselves by licking their fur, but dogs need people to give them baths. Dogs love being with people all the time, while cats can be left alone for longer periods.

Directions: Read about books and movies. Then, complete the Venn diagram, telling how they are the same and different.

Books are stories and facts written to tell you things and teach ideas for entertainment. Books are made of pages with words, which are read in stories, novels, and pictures on a screen. In books, you need to learn about the story, and with movies, you watch the story about the on screen. You can see things and learn about the world while movies have a screen and sometimes sound to hear.

Applied Quantitative Analysis in Education and the Social Sciences Yaacov M. Petscher, Christopher Schatschneider, Donald L. Compton, 2013 To say that complex data analyses are ubiquitous in the education and social sciences might be an understatement Funding agencies and peer review journals alike require that researchers use the most appropriate models and methods for explaining phenomena Univariate and multivariate data structures often require the application of more rigorous methods than basic correlational or analysis of variance models Additionally though a vast set of resources may exist on how to run analysis difficulties may be encountered when explicit direction is not provided as to how one should run a model and interpret results The mission of this book is to expose the reader to advanced quantitative methods as it pertains to individual level analysis multilevel analysis item level analysis and covariance structure analysis Each chapter is self contained and follows a common format so that readers can run the analysis and correctly interpret the output for reporting
