**Power to the Players** Rob Smat, 2023-11-21 The sea shanties YOLO s and red bandanas aren t even half of the GameStop story Did you know Robinhood didn t initiate their infamous trading halt Did you know why Redditors refer to 2021 as the sneeze rather than the squeeze Did you know that shares in your brokerage account might be counterfeits If not buckle up Witness firsthand the real and utterly ludicrous hivemind that brought Wall Street to its knees in January 2021 and find out why GameStop was only the beginning of an even more unprecedented retail contagion one which will challenge everything you think you know about our markets all over again If the meme mania of 2021 drew blood from Wall Street what follows is the Shakespearean realization that Reddit s blade was in fact poisoned In a digital world of frequently deleted revised and buried information accurately piecing together events as they occurred is nearly impossible Other authors and journalists have understandably struggled but not author Rob Smat who has been a witness to every part of the GameStop phenomenon having lived it himself Power to the Players is as much an unabridged history of the GameStop sneeze as it is a roadmap of

how retail traders regrouped in the months and years that followed when everyone else thought the story had ended in calamity The truest of diamond hands never sold and their power has only grown stronger since Before Redditors were only a nuisance to the status quo Now they      **From Small-Town Dreamer to World-Changing Visionary: The Story of Elon Musk** William Faulkner ,2024-11-20 From Small Town Dreamer to World Changing Visionary The Story of Elon Musk Elon Musk isn t just a man he s a force of nature a stick of dynamite in industries that once seemed untouchable From building rockets that land themselves to driving the electric vehicle revolution and dreaming of cities on Mars Musk has taken risks most of us wouldn t even dream about But who is the man behind the headlines This captivating biography dives deep into the life of Elon Musk a boy from Pretoria with his nose buried in books who grew up to shake the world faster than a southern twister You ll follow his journey through failures controversies and wild successes discovering the grit ambition and downright stubbornness that keeps him charging forward when others would have quit What you ll uncover in this book How Elon outsmarted childhood bullies and turned a love of coding into his first big payday The inside story of SpaceX s nail biting rocket launches and Tesla s race through production hell The infamous tweets bold ideas and controversies that have made Musk a lightning rod for both praise and criticism Why Elon believes humanity s survival depends on becoming a multiplanetary species and what he s doing to make it happen With a down to earth tone and a focus on the man as much as his machines *Elon Musk From Small Town Boy to World Changing Dreamer* peels back the layers of one of the most intriguing figures of our time Whether you admire him doubt him or just want to understand what makes him tick this book will take you on a wild ride through the life of a modern day trailblazer Buckle up it s gonna be one heck of a journey

car company in a generation but can it live up to the hype Tesla Motors and CEO Elon Musk have become household names shaking up the staid auto industry by creating a set of innovative electric vehicles that have wowed the marketplace and defied conventional wisdom The company's market valuation now rivals that of long established automakers and to many industry observers Tesla is defining the future of the industry But behind the hype Tesla has some serious deficiencies that raise questions about its sky high valuation and even its ultimate survival Tesla's commitment to innovation has led it to reject the careful zero defects approach of other car manufacturers even as it struggles to mass produce cars reliably and with minimal defects While most car manufacturers struggle with the razor thin margins of mid priced sedans Tesla's strategy requires that the Model 3 finally bring it to profitability even as the high priced Roadster and Model S both lost money And Tesla's approach of continually focusing on the future even as commitments and deadlines are repeatedly missed may ultimately test the patience of all but its most devoted fans In Ludicrous journalist and auto industry analyst Edward Niedermeyer lays bare the disconnect between the popular perception of Tesla and the day to day realities of the company and the cars it produces Blending original reporting and never before published insider accounts with savvy industry analysis Niedermeyer tells the story of Tesla as it's never been told before with clear eyes objectivity and insight

**Rendezvous with Oblivion** Thomas Frank, 2018-07-30 From the acclaimed author of *Listen Liberal* and *What's the Matter with Kansas* comes a scathing collection of his incisive commentary on our cruel times perfect for this political moment What does a middle class democracy look like when it comes apart When after forty years of economic triumph America's winners persuade themselves that they owe nothing to the rest of the country With his sharp eye for detail Thomas Frank takes us on a wide ranging tour through present day America showing us a society in the late stages of disintegration and describing the worlds of both the winners and the losers the sprawling mansion districts as well as the lives of fast food workers *Rendezvous with Oblivion* is a collection of interlocking essays examining how inequality has manifested itself in US cities in its jobs in the way its people travel and of course in its politics where in 2016 millions of anxious ordinary people rallied to the presidential campaign of a billionaire who meant them no good These accounts of folly and exploitation are brought together in a single volume unified by Frank's distinctive voice sardonic wit and anti orthodox perspective They capture a society where every status signifier is hollow where the allure of mobility is just another con game and where rebellion too often yields nothing For those who despair of the future of America and of reason itself *Rendezvous with Oblivion* is a booster shot of energy reality and moral outrage
