Pope's printer, John Wright James McLaverty, 1976 Pope's Printer, John Wright J. McLaverty, 1976 **Wörterkrieg**
Karl Tilman Winkler, 1998 Das Grundmuster demokratischer Streitkultur entstand in England zwischen 1689 und 1750 Ein Vierteljahrhundert voller Legitimitätskonflikte einigte die politisch Handelnsfähigen und schuf einen politischen Konsensus der schärfste Machtkampf unter seinen Trägern erlaubte Damit verschwand der Widerstreit ideologischer Programmatiken fuer mehr als ein halbes Jahrhundert und verwandelte sich die Machtkonkurrenz in eine Frage der Berzeugungskunst Der Bruch mit Programmatik und Kampf erlaubte das öffentliche Machen solcher Konfrontationen Aus Geschichtsbegründen nahmen sich Buchhandel Zeitungs und Zeitschriftenmacher aber auch die Wirte und Kaffeehausbesitzer dieser Aufgabe an Die Publizität die der politische Streit in seiner Spiegelbildlichkeit in Hauptstadt und Landstädten erhielt sorgte dafür daß sich das Publikum durch Lektüre und Kaffeehausdebatte als politische Nation verstand Die Historizität dieses Vorlaufs demokratischer Konfrontation liefert reichlich Zündstoff fuer das postmoderne Demokratieverständnis Mit Registern Ein weiterer Titel des Verfassers Handwerk und Markt *The Alexander Pope Encyclopedia* Pat Rogers, 2004-03-30 Alexander Pope 1688 1744 was the most important English poet of the 18th century as well as an essayist satirist and critic Many of his sayings are still quoted today His Essay on Criticism shaped the aesthetic views of English Neoclassicism while his Essay on Man reflected the moral views of the Enlightenment He participated fully in the critical debates of his time and was one of the few poets who supported himself through his writing This reference conveniently summarizes his life and works Included are several hundred alphabetically arranged entries on Pope's works subjects that interested him historical events that impacted Pope's life and work cultural terms and categories Pope's family members and acquaintances major scholars and critics and various other topics related to his writings The entries reflect current scholarship and cite works for further reading The encyclopedia also provides a chronology and concludes with a selected general bibliography Because of Pope's central importance to the Enlightenment this book is also a useful companion to 18th century literary and intellectual culture

Literature and Party Politics at the Accession of Queen Anne Joseph Hone, 2017-12-01 Literature and Party Politics at the Accession of Queen Anne is the first detailed study of the final Stuart succession crisis It demonstrates for the first time the centrality of debates about royal succession to the literature and political culture of the early eighteenth century Using previously neglected misunderstood and newly discovered material Joseph Hone shows that arguments about Anne's right to the throne were crucial to the construction of nascent party political identities Literary texts were the principal vehicle through which contemporaries debated the new queen's legitimacy This book sheds fresh light on canonical authors such as Daniel Defoe Alexander Pope and Joseph Addison by setting their writing alongside the work of lesser known but nonetheless important figures such as John Tutchin William Pittis Nahum Tate John Dennis Henry Sacheverell Charles Leslie and other anonymous and pseudonymous authors Through close historical analysis it shows how this new generation of poets

preachers and pamphleteers transformed older models of succession writing by Milton Dryden and others and imbued conventional genres such as panegyric and satire with their own distinctive poetics By immersing the major authors in their milieu and reconstructing the political and material contexts in which those authors wrote Literature and Party Politics demonstrates the vitality of debates about royal succession in early eighteenth century culture Alexander Pope in The Reign of Queen Anne A. D. Cousins, Daniel Derrin, 2020-11-29 This is the first collection of essays since George Sherburn's landmark monograph *The Early Career of Alexander Pope* 1934 to reconsider how the most important and influential poet of eighteenth century Britain fashioned his early career The volume covers Pope's writings from across the reign of Queen Anne and just beyond It focuses in particular on his interaction with the courtly culture constellated round the Queen It examines for instance his representations of Queen Anne herself his portrayals of politics and patronage under her reign his negotiations with current literary theory with the classical tradition with chronologically distant yet also contemporaneous English poets with current thought on the passions and with membership of a religious minority In doing so it comprehensively reconsiders anew the ways in which Pope increasingly supportive of Anne's rule and mindful of the Virgilian rota sought at first to realise his authorial aspirations The History of the Book in the West: 1700-1800 Eleanor F. Shevlin, 2017-03-02 Influenced by Enlightenment principles and commercial transformations the history of the book in the eighteenth century witnessed not only the final decades of the hand press era but also developments and practices that pointed to its future the foundations of modern copyright a rapid growth in the publication circulation and reading of periodicals the promotion of niche marketing alterations to distribution networks and the emergence of the publisher as a central figure in the book trade to name a few The pace and extent of these changes varied greatly within the different sociopolitical contexts across the western world The volume's twenty-four articles many of which proffer broader theoretical implications beyond their specific focus highlight the era's range of developments Complementing these articles the introductory essay provides an overview of the eighteenth century book and milestones in its history during this period while simultaneously identifying potential directions for new scholarship **Bolingbroke: Political Writings** Henry Bolingbroke, 1997-09-11 Henry St John Viscount Bolingbroke was one of the most creative political thinkers in eighteenth century Britain In this volume modernised and fully annotated texts of his most important political works the *Dissertation upon Parties* the letter *On the Spirit of Patriotism* and *The Idea of the Patriot King* are brought together for the first time Bolingbroke was the first major thinker to face the long term economic and political consequences of the Glorious Revolution particularly the creation of the first modern system of party politics In these works he attempted to forge an ideology of opposition to attack the Whig oligarchy of Sir Robert Walpole His analyses of constitutional government and the party system are still relevant to the dilemmas of modern democratic politics as are his recommendations for a patriotic commitment to the common good and the necessity of a non-partisan executive Pope's Literary Legacy William Warburton, John
