

WHAT IS A POPULATION ANALYSIS STUDY?

GRANITE SCHOOL DISTRICT PLANNING & BOUNDARIES DEPARTMENT

START

DECEMBER - FEBRUARY

Every year, the Population Analysis Committee (PAC) gathers ideas, suggestions, information, and feedback from schools and communities for possible studies related to school boundaries and student populations.

Potential Studies

FEBRUARY - JUNE

Representatives from the PAC meet with school community councils and host community meetings to study needs, wants, and impacts of potential changes. Multiple solutions are explored.

FEBRUARY

The PAC presents a list of potential population analysis studies to the Board of Education. The Board approves or rejects the list.

JUNE - JULY

The PAC presents an initial report to the Board of Education. This report includes the committee's findings and may include a recommendation for a boundary change, school consolidation, school closure, or other action.

Input from Board

SEPTEMBER

The Population Analysis Committee hosts public open house meetings regarding formal recommendations.

JULY - AUGUST

Potential solutions are refined based on input from the Board of Education and community feedback. Formal notices of the PAC's recommendations are sent to elected officials and community leaders.

OCTOBER - DECEMBER

Based on board guidance and community feedback, the PAC refines solutions and gives final recommendations to the Board of Education in two public hearings during Board of Education meetings.

FINISH

Any approved boundary change, school consolidation or school closure is implemented on a timeline specific to the needs of affected schools and communities.
