Laycock, 1996 The study of public policy in Canada is well rooted in traditional legal historical analysis of Canadian government and political economy However the current emphasis among political and other social scientists on policy issues and the proliferation of theoretical concepts that such an emphasis has generated are relatively recent developments In fact it is only since the 1970s that a separate field of policy studies has emerged in Canada In *Policy Studies in Canada* twenty-one leading scholars in the field of Canadian public policy trace the progress of a quarter century of research and publication in the fields of policy studies and policy analysis

*Party Politics in Canada* Hugh G. Thorburn, 1991

**The Return of the Trojan Horse** Trevor Harrison, 2005 A Right wing populist in an oil rich province Ralph Klein has been a one man wrecking crew dismantling Alberta's public sector and remaking the province into a freewheeling capitalist paradise This book re-examines Klein's Alberta after a decade of deficit slashing tax cutting conservatism First elected in 1993 on a platform of common sense revolution a decade later Ralph Klein's Conservative party remains in power but the gloss is off its revolution

Deficits and debt have been eliminated but new problems and new issues have arisen such as energy deregulation and water shortages. Efforts to export the revolution to remake Canada in Alberta's image have stalled with the defeat of the Harris Conservatives in Ontario and the collapse of the Reform and Alliance parties federally. Meanwhile at the worldwide level neo liberal globalization all the rage in the early 90s is now in retreat replaced by war threats of terrorism and growing economic instability. *The Return of the Trojan Horse* examines the long term lessons of the Klein revolution and suggest where Alberta and Canada may be headed in the next decade. An original compilation of critical essays on Alberta's policies written by some of Alberta's and Canada's best authors who come from a wide spectrum of viewpoints and backgrounds all blending insight with journalistic flair. Peel away the careful packaging of the Klein government's record and what have you got? This book tells the story. Facts clear prose and the courage to tell it straight make it essential reading. Canadian Forum. Trevor Harrison is currently an associate professor at the University of Lethbridge and research director for the Parkland Institute an Alberta based think tank dedicated to examining public policy issues. He is the author of *Of Passionate Intensity: Right Wing Populism and the Reform Party of Canada* and *Requiem for a Lightweight: Stockwell Day and Image Politics*. **Canadian Books in Print**, 2003

**Canadian Political Culture(s) in Transition** Hamish Telford, Harvey Lazar, 2002. Canada. The State of the Federation 2000-01 probes beneath the surface to determine if the obvious changes the fractious federal party system the common sense revolution in government budgeting the re birth of the sovereignty movement in Quebec and the re assertion of Aboriginal claims are symptomatic of a shift in Canadian political culture. Arguably political changes in Canada have been greater in the 1990s than in any other decade since Confederation but do these changes signify a shift in Canadian political culture? Can we even speak of a Canadian political culture? What are the consequences of these changes for the federation? Are Canadians more or less united? Are federal provincial relations better or worse? What does the future hold? The authors attempt to answer these questions through analyses of the federal party system politics in the provinces and regions and political dynamics in a number of issue areas including Aboriginal politics the Charter multiculturalism the rural urban cleavage and social policy. **Canadian-American Public Policy**, 1994

*Mobilizations, Protests & Engagements* Marie Hammond-Callaghan, 2008. This book addresses many questions in evaluating social movements and is the first in a series being developed by The Centre for Canadian Studies at Mount Allison University. What lessons can we learn from protest movements and social mobilizations of the past? Do newer movements differ from those of the past in process or outcomes? How have globalization and international events changed and shaped the way Canadian social movements operate? How effective are and have been social movements as agents of change? Is there validity to the critique that social movement actors somehow lack legitimacy as the self appointed voice of communities they claim to represent? Are the stated democratic values espoused by these movements borne out in their internal processes and practices? Contributors from the fields of history political science education sociology and women's studies covering 80 years of social movement activism in Canada.
