Pornography And Sex:

Pornography, Sex, and Feminism Alan Soble, 2011-02 In this unabashed defense of pornography from a utilitarian hedonist perspective philosopher Alan Soble strongly rebuts both feminist and conservative critics Soble demonstrates that neither conservative nor feminist critics of pornography show much acquaintance with the genre they criticize This suggests that purely political motives underlie their critiques instead of reasoned objective arguments based on thorough empirical research Soble also faults critics of pornography for their failure of empathy they refuse to see pornographic images from the various perspectives of their viewers In approaching these images literally detractors promulgate the worst possible interpretation of pornography Further they do not do justice to the social and psychological research about pornography and its purported harms Conservatives and feminists manufacture their case against pornography and its consumers based on oversimplified interpretations of the images and a poor understanding of scientific studies This sardonic and well reasoned critique of feminist and conservative moral outrage over pornography is sure to be controversial *Pornification* Kaarina Nikunen, Susanna Paasonen, Laura Saarenmaa, 2007-11-01 Pornification presents an international overview of how pornography from softcore to hardcore gay to straight female to male black to white infiltrates and proliferates through our media Porn is everywhere from the suggestiveness of music videos to the explicit discussions of popular magazines from the erotica of advertising to the refashioning of sex acts into art works from a small garage industry to an internet empire The media immerses us in the pornographic aesthetic Now integral to popular culture porn is part of our everyday lives Sexual desire is commodified pornified and the media leads the way Exploring music videos alt porn sites Cosmogirls and Gaydar online forums H M s street advertising retro pin ups film and educational sex videos alike Pornification analyses the transformation of porn in today s media and its impact on our culture Beyond Explicit Helen Hester, 2014-02-01 Develops a novel characterization of the pornographic as a cultural concept This original contribution to porn studies aims to interrogate previously untheorized changes in contemporary understandings of the pornographic Helen Hester argues that the words porn and pornographic are currently being applied to an ever expanding range of material and that this change in language usage reflects a wider shift in perception She suggests that we are witnessing a seemingly paradoxical move away from sex within contemporary understandings of porn as a range of other factors come to influence the concept Using examples from media literature and culture and discussing the rise of notions such as torture porn and misery porn Hester s argument ranges from sexually explicit German novels and British policy documents to a discussion of the differences between European and American editions of pornographic films She concludes that four factors in particular transgression intensity prurience and authenticity can be seen to influence the way that we think about porn *Net.seXXX* Dennis D. Waskul, 2004 Sex has shaped the Internet from the very beginning In the process the Internet has also brought about a plethora of new sexual possibilities opened new markets for the entrepreneurs of pornography challenged the boundaries of
