the standard of reference initially for an intellectual elite Against this background the term German Jewish literature refers to the literary work of Jewish authors writing in German to the extent that explicit or implicit Jewish themes motifs modes of thought or models can be identified in them From the beginning of the 19th century at the latest however the image of Jews in the work of non Jewish writers determined mainly by anti Semitism becomes a factor in German Jewish literature There is a tension between Jewish writers authentic reference to Jewish traditions or existence and the anti Semitic marking and discrimination against everything Jewish which determines the overall development of the history of German Jewish literature and culture This series provides an appropriate forum for research into the whole problematic area     *The Saturday Review of Politics, Literature, Science and Art* ,1898     **Journal of Education and School World** ,1889
