The Cost of Free Land Rebecca Clarren, 2023-10-05 Sharply insightful A monumental piece of work The Boston Globe Growing up Rebecca Clarren only knew the major plot points of her immigrant family's origins Her great great grandparents the Sinykins and their six children fled antisemitism in Russia and arrived in the United States at the turn of the 20th century ultimately settling on a 160 acre homestead in South Dakota Over the next few decades despite tough years on a merciless prairie and multiple setbacks the Sinykins became an American immigrant success story What none of Clarren's ancestors ever mentioned was that their land the foundation for much of their wealth had been cruelly taken from the Lakota by the United States government By the time the Sinykins moved to South Dakota America had broken hundreds of treaties with hundreds of Indigenous nations across the continent and the land that had once been reserved for the seven bands of the Lakota had been diminished splintered and handed for free or practically free to white settlers In The Cost of Free Land Clarren melds investigative reporting with personal family history to reveal the intertwined stories of her family and the Lakota and the devastating cycle of loss of Indigenous land culture and resources that continues today **And Party Every Day** Larry Harris, Curt Gooch, Jeff Suhs, 2009-09-01 Book Now it can be told The true behind the scenes story of Casablanca Records from an eyewitness to the excess and insanity Casablanca was not a product of the 1970s it was the 1970s From 1974 to 1980 the landscape of American culture was a banquet of hedonism and self indulgence and no person or company in that era was more emblematic of the times than Casablanca Records and its magnetic founder Neil Bogart From his daring first signing of KISS through the discovery and superstardom of Donna Summer the Village People and funk master George Clinton and his circus of freaks Parliament Funkadelic to the descent into the manic world of disco this book charts Bogart's meteoric success and eventual collapse under the weight of uncontrolled ego and hype It is a compelling tale of ambition greed excess and some of the era's biggest music acts **The Path to Net Zero for the Fashion Industry** Simon J. Kew, 2023-12-13 This book uses a quantitative science based approach to explain where the greenhouse gas GHG emissions emitted by the fashion industry are generated and it explores what strategies can be deployed to achieve Net Zero by 2050 With GHG emissions currently predicted to triple by the middle of the century the fashion industry is far off course to reach Net Zero as set out in the Paris Agreement With misinformation and greenwashing representing an ever growing barrier to potential solutions the book aims to demystify the source of GHG emissions from the industry breaking down in detail their origin while identifying the steps that can be taken when designing and sourcing new products Detailing the market drivers and trends in fashion consumption it argues that change should be guided by science based quantitative principles Accessibly written with key insights at the end of each chapter this book will enable the reader to understand the tactics to tackle decarbonisation and ultimately outline five main strategies that can be deployed by the fashion and textile industries to align with the Paris Agreement This book serves as a practical guide for designers buyers and the fashion industry in general to

develop and understand approaches and strategies to reduce energy consumption and the resulting GHG emissions to reach Net Zero     The Letters of Rabbi Akiba Aqiva ben Yosef, Akiba ben Joseph, 1897     *Amberger Volks-Zeitung für Stadt und Land* ,1887     **The Life of Peter the Great** Sir John Barrow, 1892     **Hans Jörgel von Tribuswinkl** Anton Burger, 1872     Best Restaurants (& Others), Washington, D.C. & Environs Phyllis C.
