rigorous and work learning specific understanding of the concept of negotiation This framework enables workers personal work practices and their contributions to the personal organisational and occupational changes that evidence learning to be viewed as negotiations enacted and managed within contexts that are in turn sets of premediate and concurrent negotiations that frame the transformations on and from which on going negotiations of learning and practice ensue The book does not seek to supplant understandings of the rich and valuable concept of negotiation Rather it seeks to develop and promote a more explicit use of the concept as a socio personal learning concept at the same time as it opens alternative perspectives on its deployment as a metaphor for individual s learning in work
