Bracke,2025-12-29 This book examines how ancient mythology forms part of the stories we tell ourselves about today's uncertain times not only in popular culture but also in sociocultural and political debates It particularly explores the ways in which classical myths shape how our modern secular societies think about the interconnected geopolitical technological and ecological issues we are facing and our potential futures Classical myths like those of Achilles Medea and Odysseus are everywhere from films and novels to social media and games But how and why are we still fascinated with them particularly now Can these strange and often painful stories from societies so radically different from our own offer us genuine insights today This expanded English edition of Evelien Bracke's award-winning Dutch book *Leidraad door het labyrint* explores how and why Greek and Roman myths despite their ancient origins are surprisingly meaningful in these times of uncertainty Bracke offers a contextualization and literary analysis of classical mythology looking at both texts and visual media This allows readers to gain a better understanding of how people draw inspiration from the past in their attempt to create a better future and how these stories provide both collective and individual guidance in navigating the turbulent 21st century *The Meaning of Myth in Uncertain Times* is suitable for students scholars teachers and general readers interested in mythology and ancient Greek and Roman history and culture providing insights that are relevant to the challenges we all face today

A wildland firefighter stumbles into a romance with a secretive EMT in the smoking-hot first book of the BookTok viral Sky Ridge Hotshots series. I want us to be more than fun. Prescott, I wanna make you mine. Fighting wildfires is the only thing I've ever wanted to do, and I'm damn good at it. Being the captain of an interagency hotshot crew of wildland firefighters is high risk, high reward. But the risk blindsided me five years ago when I lost one of my crew, and it changed me forever. Now I work harder, smarter, and the only rewards I allow myself to enjoy are easy, sexy nights with strangers. Until I meet Prescott Timmons. Her smart mouth and adventurous spirit have me forgetting all my rules until her past shows up, and lies start to feel too familiar. I swear to never spare her a second glance, but when she finds herself in a life-or-death situation with Mother Nature, my instincts kick in, and I take action. Stranded and sharing a bed again, we're forced to face our truth: Do we fight to keep the fire between us, or let it burn out?

Tropes: Firefighter romance, Angst, Small town romance, Forced proximity, Enemies to lovers. There's only one bed. Workplace romance, Miscommunication, Snowed in, New girl in town.
