College Rankings Reed Karaim,CQ Press,2015 The annual rankings of America s colleges and universities such as those published by U S News World Report have become a significant force in U S higher education The rankings have been increasingly influential in shaping the reputation of colleges and universities and swaying students choices for admission Being rated a top tier school can bring an institution more recognition donations and qualified applicants while a low ranking can discourage good students from applying Some lower ranked schools have tried to game the system to move up in the

rankings by changing admissions policies or distorting spending priorities Critics question the validity of the criteria used to create the rankings and argue that colleges seeking a higher score have been too quick to shape their policies in ways that hurt students Supporters counter that the rankings provide consumers useful information in an area with few impartial measures of quality *College and University Rankings*, 1997 Provides context to various online sources of information on the ranking of institutions of higher education Features links to sites that contain rankings of colleges and universities with criteria ranging from the academic to the spiritual including undergraduate graduate business law and international schools
