Broadcasting Baseball Eldon L. Ham, 2011-07-29 There is a long standing relationship between broadcasting and sports and nowhere is this more evident than in the marriage of baseball and radio a slow sport perfectly suited to the word painting of broadcasters This work covers the development of the baseball broadcasting industry from the first telegraph reports of games in progress the influence of early pioneers at Pittsburgh s KDKA and Chicago s WGN including the first World Series broadcast the launch of the Telstar Satellite the Carlton Fisk homerun in the 1975 World Series which changed how baseball is broadcast through the latest computer graphics HD television and the Internet **Disaffections of Time** W. Thomas McQueeney, 2018-03-24 Disaffections of Time is a fictional account of a modern wizard like savant The charismatic old man utilizes special powers of connecting seemingly unrelated trivia to discern meaningful solutions from his operational base a coffee shop booth His reputation enhances a local following His encounters include a battered housewife an illegal immigrant with a birth defect a minority brick mason whose wife is dying and a hapless bookie pursued by an organized crime syndicate These encounters lead to dramatic and sometimes humorous interchanges The major narrative is a compelling tale of romance involving young lovers separated by fate Their story weaves throughout the novel to be meticulously resolved by the savant Eventually the elderly sage must travel forward in time His exit intrigues Disaffections of Time incorporates modern science exotic sites humorous exchanges and mystical powers within a vividly descriptive literary flow Romantic settings entice the reader and elevate the alluring sequences with intellectual discourse The characters locations and events were developed from many of the author s wide personal experiences Though this is his initial novel the author has written seven previous books **We Were the All-American Girls** Jim Sargent, 2013-04-26 Here are 42 interviews with women who competed in the All American Girls Professional Baseball League Each interview features data about the player a short summary of her athletic career and the player s recollections A brief history covers the many changes as the league evolved from underhand pitching with a 12 inch circumference ball in 1943 to overhand pitching adopted in 1948 through the circuit s final year 1954 when a regulation baseball was introduced The interviews range from 1995 to 2012 and reveal details of particular games highlights of individual careers the camaraderie of teammates opponents and fans and the impact the League made on their lives Several players recall how the 1992 movie A League of Their Own brought the historic All American League back to life almost 40 years after the final game was played Living out of Bounds Steven J. Overman, 2008-11-30 Despite some enormous differences in salary among professional athletes most aspects of their daily lives remain surprisingly constant across sports and income levels In Living out of Bounds author Steven J Overman mines a wide array of sports biographies autobiographies memoirs and diaries to construct a representative picture of the athlete s life In the course of the work a portrait emerges that transcends the individual lives lived The shared experiences of devoted training of travel and hotels and of tension within and beyond the clubhouse or gym

force us to appreciate the often oppressive reality of the sporting life at the same time that the individual lives lived also provide us with a glimpse of the rewards that make sports so compelling to audiences and athletes across America
