Popcorn Palaces The Art Deco Movie Theater Paintings Of Davis Cone:

Popcorn Palaces Michael D. Kinerk, Dennis W. Wilhelm, 2000-01-01 Glittery colorful movie theatre facades marquees have tempted Americans to step inside see films for 100 years In the late 1920s the old exotic style of huge theatres gave way to smaller buildings in a version of the Art Deco style Streamlined with flowing curves in gleaming metal replete with geometric patterns a wealth of frosted mirrored glass these moderne theatres were the height of fashion through the 1930s 1940s they remain cherished landmarks Noted realist painter Cone has made these classic movie theatres the subject of all of his paintings 80 of which are reproduced here in stunning color Also relates the changing economics of the movie bus tells how films were dist describes the new architectural design *The Gods of Greece* Arianna Stassinopoulos Huffington, Françoise Gilot, 1993 The text was originally published with other illustrations in 1983 by Harry N Abrams Inc Here it is repackaged with reproductions of over 65 paintings by Françoise Gilot the paintings were created independently not expressly for the book Neither the text nor the artwork are conventional explication *Popcorn Palaces* Michael Kinerk, Davis Cone, Dennis Wilhelm, 2001-05 Theatre owners in small towns and big cities alike built new showplaces in this style or renovated older buildings to catch the mood of the moment Streamlined with flowing curves in gleaming metal replete with geometric patterns and a wealth of frosted and mirrored glass these moderne theatres were the height of fashion through the 1930s and 1940s and they remain cherished landmarks **Historic Movie Theatres in Illinois, 1883-1960** Konrad Schiecke, 2015-06-08 This history and catalog of the movie theaters of Illinois follows their evolution from the early opera houses to the storefront nickelodeons to the awe inspiring movie palaces to the post World War II theaters and the advent of the multiplex Each theater has its own story and together these stories make up a fascinating history of cinema viewing in Illinois This richly illustrated book the first dealing exclusively with Illinois theatres contains nearly 3 000 descriptions of historic movie houses from the early 1880s to 1960 The alphabetically arranged entries which include such information as the theater's name location number of seats and the dates it opened and closed cover cities and towns from Abingdon to Zion including Chicago and its surrounding suburbs The book opens with a history of the movie house beginning with silent movies shown on walls and ending with the multiplex era It also includes a chapter on television's impact and information on renovated historic theatres in the state Appendices include lists of Illinois operated movie theatre circuits theatre websites and include a bibliography *Delirious New Orleans* Stephen Verderber, 2009-02-15 Winner Abbott Lowell Cummings Prize Vernacular Architecture Forum 2010 From iconic neighborhoods such as the French Quarter and the Garden District to more economically modest but no less culturally vibrant areas architecture is a key element that makes New Orleans an extraordinary American city *Delirious New Orleans* began as a documentary project to capture the idiosyncratic vernacular architecture and artifacts vintage mom and pop businesses roadside motels live music clubs neon signs wall murals fast food joints and so on that helped give the city's various neighborhoods their unique character But

because so many of these places and artifacts were devastated by Hurricane Katrina Delirious New Orleans has become both a historical record of what existed in the past and a blueprint for what must be rebuilt and restored to retain the city's unique multicultural landscape Stephen Verderber starts with the premise that New Orleans's often overlooked neighborhoods imbue the city with deep authenticity as a place He opens Delirious New Orleans with a photo essay that vividly presents this vernacular architecture and its artifacts both before Katrina and in its immediate aftermath In the following sections of the book which are also heavily illustrated Verderber takes us on a tour of the city's commercial vernacular architecture as well as the expressive folk architecture of its African American neighborhoods He discusses how the built environment was profoundly shaped by New Orleans's history of race and class inequities and political maneuvering along with its peculiar below sea level geography Verderber also considers the aftermath of Katrina and the armada of faceless FEMA trailers that have at least temporarily and by default transformed this urban landscape [Saving South Beach](#) M. Barron

Stofik,2012-09-23 In Saving South Beach historic preservation clashes with development as each side vies for control of South Beach A spectrum of characters are present from Barbara Baer Capitman the ailing middle aged widow who became an evangelist for the Miami Beach Art Deco district to Abe Resnick the millionaire Holocaust survivor determined to stop her From pioneers to volunteers from Jewish retirees to Cuban exiles from residents and business owners to developers and city leaders each adds another piece to the puzzle another view of the intense conflict that ensued Although a number of the area's iconic buildings were demolished the Miami Design Preservation League succeeded in entering almost half of the neighborhood into the National Register of Historic Places kicking off a revitalization effort that spread throughout South Beach Preservationist M Barron Stofik lived in Miami during this turmoil ridden period and through hundreds of interviews and extensive investigation weaves together dramatic themes of civic heroism preservation and cultural change in the passionate human story behind the pastel facades and neon lights **Art in America** ,2001-05 *Cinema Treasures* Ross Melnick,Andreas Fuchs,2004 More than 100 years after the first movie delighted audiences movie theaters remain the last great community centers and one of the few amusements any family can afford While countless books have been devoted to films and their stars none have attempted a truly definitive history of those magical venues that have transported moviegoers since the beginning of the last century In this stunningly illustrated book film industry insiders Ross Melnick and Andreas Fuchs take readers from the nickelodeon to the megaplex and show how changes in moviemaking and political social and technological forces e g war depression the baby boom the VCR have influenced the way we see movies Archival photographs from archives like the Academy of Motion Picture Arts and Sciences and movie theater ephemera postcards period ads matchbooks and even a barf bag sourced from private collections complement Melnick's informative and engaging history Also included throughout the book are Fuchs profiles detailing 25 classic movie theaters that have been restored and renovated and which continue to operate today Each of these two page spreads is illustrated with marvelous modern

photographs many taken by top architectural photographers The result is a fabulous look at one way in which Americans continue to come together as a nation A timeline throughout places the developments described in a broader historical context We've had a number of beautiful books about the great movie palaces and even some individual volumes that pay tribute to surviving theaters around the country This is the first book I can recall that focuses on the survivors from coast to coast and puts them into historical context Sumptuously produced in an oversized format on heavy coated paper stock this beautiful book offers a lively history of movie theaters in America an impressive array of photos and memorabilia and a heartening survey of the landmarks in our midst from the majestic Fox Tucson Theatre in Tucson Arizona to the charming jewel box that is the Avon in Stamford Connecticut I don't know why but I never tire of gazing at black and white photos that evoke the era of moviemaking and moviegoing I care about the most and this book is packed with them Cinema Treasures is indeed a treasure and a perfect gift item for the holiday season Leonard Maltin Humble or grandiose stand alone or strung together movie theaters are places where dreams are born Once upon a time they were treated with the respect they deserve In their heyday historian Ross Melnick and exhibitor Andreas Fuchs write in Cinema Treasures openings of new motion picture pleasure palaces that would have dazzled Kubla Khan received enormous attention in newspapers around the country On top of the publicity they generated their debuts were treated like the gala openings of new operas or exhibits with critics weighing in on everything from the interior and exterior design to the orchestra Handsomely produced and extensively illustrated Cinema Treasures is detailed without being dull and thoroughly at home with this often neglected subject matter Its title would have you believe it is a celebration of the golden age of movie theaters But this book is something completely different an examination of the history of movie exhibition which the authors accurately call a vastly under researched topic Los Angeles Times
