# Portable Coleridge The

**J. C. C. Mays**

## **Portable Coleridge The:**

**The Portable Coleridge** ,1950      **Circles and the Cross** Loren Wilkinson,2023-08-21 Circles and the Cross is an invitation to explore two mysteries One is the miracle of the cosmos why is there something and not nothing The other is the miracle of consciousness why should this collection of stardust be an I and not just an it Our basic response to those mysteries is wonder and from wonder have grown the three great trees of human culture religion art and science This exploration is undertaken in the light of a third mystery the cross of Christ is the clearest picture we have of the triune Creator of both cosmos and consciousness That self emptying of the Creator out of love for the creation helps us understand the pleasures paradoxes and pains of science it helps us understand how evolution can be another name for creation it casts light on the Enlightenment and Romanticism In particular it illuminates the environmental movement an ethic in search of a religion Loren Wilkinson drawing on fifty years of teaching and writing about our relationship to creation invites you to join this journey into understanding how the cross of Christ sheds light on the mysteries that surround us and gives us hope in a difficult age      **Geschichte der Literaturkritik** René Wellek,1978      **Das späte 18. Jahrhundert, das Zeitalter der Romantik** René Wellek,2016-04-25 Keine ausführliche Beschreibung für Das späte 18. Jahrhundert das Zeitalter der Romantik verfügbar      **The Creative Mind in Coleridge's Poetry** Kathleen M. Wheeler,1981 Five of Coleridge's major poems are given fresh scrutiny in this arresting study One of its unusual features is the attention given the Preface to Kubla Khan the Gloss to The Ancient Mariner and other prose accompaniments to the poems usually dismissed as extraneous Devices such as these the author argues are strategically employed by Coleridge in an effort to engage the reader in a fully imaginative response Kathleen Wheeler elucidates the texts in terms of aesthetic experience and also in terms of the philosophical principles that inform them showing how Coleridge's theories of mind and imagination function within the poems and shape their design A subtle and gifted reader of poetry she enriches our understanding of poems we thought we knew well and provides insights along the way into the creative process      Portable Coleridge Samuel Taylor Coleridge,1977-06-01

*Coleridge's Ancient Mariner* J. C. C. Mays,2016-10-27 This is the first book length study to read the Ancient Mariner as poetry in Coleridge's own particular sense of the word Coleridge's complicated relationship with the Mariner as an experimental poem lies in its origin as a joint project with Wordsworth J C C Mays traces the changes in the several versions published in Coleridge's lifetime and shows how Wordsworth's troubled reaction to the poem influenced its subsequent interpretation This is also the first book to situate the Mariner in the context of the entirety of Coleridge's prose and verse now available in the Bollingen Collected edition and Notebooks that is not only in relation to other poems like The Ballad of the Dark Lady and Alice du Clu's but also to ideas in his literary criticism especially Biographia Literaria philosophy and theology Using a combination of close reading and broad historical considerations reception theory and book history Mays surveys the poem's continuing life in illustrated editions and educational textbooks its passage through the vicissitudes of

New Criticism and critical theory and in a final chapter its surprising affinities with some experimental poems of the present time

**Coleridge's Dejection Ode** J.C.C. Mays,2019-01-22 Coleridge s Dejection Ode completes J C C Mays analysis of Coleridge s poetry following Coleridge s Ancient Mariner Palgrave 2016 and Coleridge s Experimental Poetics Palgrave 2013 Dejection An Ode stands alone in Coleridge s oeuvre written at a time of personal crisis it reaches far back and deeply into his thinking in an attempt to find a poematic solution to ideas and problems he had mulled over for a long time Mays reveals how the poem also marks the opening of the second half of Coleridge s career as both poet and thinker In three central chapters Mays examines the new style that evolved in the process of writing the Ode the technical means of metrics rhyme and grammar language and allusion and symbol and structure He recounts the complex sometimes controversial critical history of the Ode and suggests an editorial solution to the problem created by the Letter to Sara Hutchinson re evaluates the position of Wordsworth in the poem apropos the political statement it makes clarifies the distinction between the views on Imagination expressed and those contained in Biographia Literaria and traces the links of the concept dejection as it underpins Coleridge s late poems

**Coleridge, the Damaged Archangel** Norman Fruman,1971 Provides insight into the personal life and career of the English romantic poet analyzing a number of his works in an attempt to illuminate his complex character

**Can Poetry Save the Earth?** John Felstiner,2009-04-01 In forty brief and lucid chapters Felstiner presents those voices that have most strongly spoken to and for the natural world Poets from the Romantics through Whitman and Dickinson to Elizabeth Bishop and Gary Snyder have helped us envision such details as ocean winds eroding and rebuilding dunes in the same breath wild deer freezing in our presence and a person carving initials on a still living stranded whale

**The Portable Coleridge by Samuel Taylor Coleridge** Samuel Taylor Coleridge,1950

**Charles Brockden Brown's Revolution and the Birth of American Gothic** Peter Kafer,2004-04-19 How could a glorious age of American history also give rise to the darkest of literary traditions one that would inspire Edgar Allan Poe Stephen King and many other best selling American writers
