## **Portable Nietzsche:**

The Portable Nietzsche Friedrich Nietzsche, 1977-01-27 A captivating collection of Friedrich Nietzsche's seminal works from his provocative musings on truth and morality to his profound exploration of human existence. In this volume, one may very conveniently have a rich review of one of the most sensitive, passionate, and misunderstood writers in Western or any literature. Newsweek: Few writers in any age were so full of ideas. Walter Kaufmann, from the Introduction: The works of Friedrich Nietzsche have fascinated readers around the world ever since the publication of his first book more than a hundred years ago; yet few writers have been so consistently misinterpreted. The Portable Nietzsche includes Walter Kaufmann's definitive translations of the complete and unabridged texts of Nietzsche's four major works: *Twilight of the Idols*, *The Antichrist*, *Nietzsche Contra Wagner*, and *Thus Spoke Zarathustra*. In addition, Kaufmann brings together selections from his other books, notes, and letters to give a full picture of Nietzsche's development, versatility, and inexhaustibility. Penguin Classics is the leading publisher of classic literature in the English-speaking world, representing a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

**Leo Strauss on Nietzsche's "Thus Spoke Zarathustra"** Leo Strauss, 2021-12-24 Although Leo Strauss published little on Nietzsche, his lectures and correspondence demonstrate a deep critical engagement with Nietzsche's thought. One of the richest contributions is a seminar on Nietzsche's *Thus Spoke Zarathustra* taught in 1959 during Strauss's tenure at the University of Chicago. In the lectures, Strauss draws important parallels between Nietzsche's most important project and his own ongoing efforts to restore classical political philosophy. With *Leo Strauss on Nietzsche's Thus Spoke Zarathustra*, eminent Strauss scholar Richard L. Velkley presents Strauss's lectures on *Zarathustra* with superb annotations that bring context and clarity to the critical role played by Nietzsche in shaping Strauss's thought. In addition to the broad relationship between Nietzsche and political philosophy, Strauss adeptly guides readers through Heidegger's confrontations with Nietzsche, laying out Heidegger's critique of Nietzsche's will to power while also showing how Heidegger can be read as a foil for his own reading of Nietzsche. The lectures also shed light on the relationship between Heidegger and Strauss, as both philosophers saw Nietzsche as a central figure for understanding the crisis of philosophy and Western civilization. Strauss's reading of Nietzsche is one of the important yet little-appreciated philosophical inquiries of the past century, both an original interpretation of Nietzsche's thought and a deep engagement with the core problems that modernity posed for political philosophy. It will be welcomed by anyone interested in the work of either philosopher.

**The Portable Nietzsche** Friedrich Wilhelm Nietzsche, 1965

*Romance and Reason* Andrew M. Koch, 2006-01-01 Alienation as a theme deeply pervaded both the work and life of Max Weber, one of the pillars of modern sociology. In this excellent new book, Andrew M. Koch analyzes the genesis of the concept of alienation and then, in a brilliant and imaginative turn, works to

recreate the context in which Weber understood alienation in both the intellectual and lived sense The Portable Nietzsche Friedrich Wilhelm Nietzsche, 1982 *The Flame of Eternity* Krzysztof Michalski, 2011-12-05 The Flame of Eternity provides a reexamination and new interpretation of Nietzsche's philosophy and the central role that the concepts of eternity and time as he understood them played in it According to Krzysztof Michalski Nietzsche's reflections on human life are inextricably linked to time which in turn cannot be conceived of without eternity Eternity is a measure of time but also Michalski argues something Nietzsche viewed first and foremost as a physiological concept having to do with the body The body ages and decays involving us in a confrontation with our eventual death It is in relation to this brute fact that we come to understand eternity and the finitude of time Nietzsche argues that humanity has long regarded the impermanence of our life as an illness in need of curing It is this pathology that Nietzsche called nihilism Arguing that this insight lies at the core of Nietzsche's philosophy as a whole Michalski seeks to explain and reinterpret Nietzsche's thought in light of it Michalski maintains that many of Nietzsche's main ideas including his views on love morality beyond good and evil the will to power overcoming the suprahuman or the overman as it is infamously referred to the Death of God and the myth of the eternal return take on new meaning and significance when viewed through the prism of eternity **The Portable Nietzsche**, 1982

The Portable Nietzsche Friedrich Wilhelm Nietzsche, 1963 *Natality* Jennifer Banks, 2023-05-02 A gripping exploration of some of society's biggest contradictions Natality is a fascinating read Dana Suskind MD author of Parent Nation An exhilarating exploration of natality a much needed counterpoint to mortality drawing on the insights of brilliant writers and thinkers Birth is one of the most fraught and polarized issues of our time at the center of debates on abortion gender work and medicine But birth is not solely an issue it is a fundamental part of the human condition and alongside death the most consequential event in human life Yet it remains dramatically unexplored Although we have long intellectual traditions of wrestling with mortality few have ever heard of natality the term political theorist Hannah Arendt used to describe birth's active role in our lives In this ambitious revelatory book Jennifer Banks begins with Arendt's definition of natality as the miracle that saves the world to develop an expansive framework for birth's philosophical political spiritual and aesthetic significance Banks focuses on seven renowned western thinkers Arendt Friedrich Nietzsche Mary Wollstonecraft Mary Shelley Sojourner Truth Adrienne Rich and Toni Morrison to reveal a provocative countertradition of birth She narrates these writers own experiences alongside the generative ways they contended with natality in their work Passionately intelligent and wide ranging Natality invites readers to attend to birth as a challenging and life affirming reminder of our shared humanity and our capacity for creative renewal **George Bernard Shaw und Friedrich Nietzsche** Walter T. Nietzsche's Thought Harry J. Ausmus, 1996 This study seeks to demonstrate that what is positive in Nietzsche s thought was  
 already more clearly expressed in Schopenhauer s philosophy and that what is questionable was already criticized It also  
 demonstrates the religiosity of Nietzsche s thought a secularized form of certain aspects of Christian theology which leads to  
 an elevation of psychology over metaphysics lending support to a trend that has dominated much of 20th century thought  
 The book calls for a diminution in the importance of psychology and recommends that metaphysics be re established in its  
 rightful position by starting over with the philosophy of Schopenhauer The first part deals with major problems in Nietzsche s  
 thought such as that of causation the relationship of Church and State morality and power and suffering
