Portable Theater American Literature And The Nineteenth Century Stage:

The Portable Theater Alan Louis Ackerman, 2002 In *The Portable Theater* Alan Ackerman investigates the crucial importance of theater in the works of Walt Whitman Herman Melville William Dean Howells Louisa May Alcott and Henry James Whether as drama critics playwrights amateur actors or simply as avid theatergoers each of these authors thought deeply about the theater and represented it in literature *The Portable Theatre*, 2002 [The Routledge Companion to Theatre-Fiction](#) Graham Wolfe, 2023-11-14 Novelists have long been attracted to theatre Some have pursued success on the stage but many have sought to combine these worlds entering theatre through their fiction setting stages on their novels pages and casting actors directors and playwrights as their protagonists The Routledge Companion to Theatre Fiction has convened an international community of scholars to explore the remarkable array of novelists from many eras and parts of the world who have created fiction from the stuff of theatre asking what happens to theatre on the pages of novels and what happens to novels when they collaborate with theatre From J W Goethe to Louisa May Alcott Mikhail Bulgakov Virginia Woolf and Margaret Atwood some of history's most influential novelists have written theatre fiction and this Companion discusses many of these figures from new angles But it also spotlights writers who have received less critical attention such as Dorothy Leighton Agust n de Rojas Villandrando Ronald Firbank Syed Mustafa Siraj Li Yu and Vicente Blasco Iba ez bringing their work into conversation with a vital field A valuable resource for students scholars and admirers of both theatre and novels The Routledge Companion to Theatre Fiction offers a wealth of new perspectives on topics of increasing critical concern including intermediality theatricality antitheatricality mimesis diegesis and performativity *Theatre-Fiction in Britain from Henry James to Doris Lessing* Graham Wolfe, 2019-06-10 This volume posits and explores an intermedial genre called theatre fiction understood in its broadest sense as referring to novels and stories that engage in concrete and sustained ways with theatre Though theatre has made star appearances in dozens of literary fictions including many by modern history's most influential authors no full length study has dedicated itself specifically to theatre fiction in fact there has not even been a recognized name for the phenomenon Focusing on Britain where most of the world's theatre novels have been produced and commencing in the late nineteenth century when theatre increasingly took on major roles in novels Theatre Fiction in Britain argues for the benefits of considering these works in relation to each other to a history of development and to the theatre of their time New modes of intermedial analysis are modelled through close studies of Henry James Somerset Maugham Virginia Woolf J B Priestley Ngaio Marsh Angela Carter and Doris Lessing all of whom were deeply involved in the theatre world as playwrights directors reviewers and theorists Drawing as much on theatre scholarship as on literary theory Theatre Fiction in Britain presents theatre fiction as one of the past century's most vital means of exploring reconsidering and bringing forth theatre's potentials [Charlotte Cushman](#) Arthur W.
