The Lives of Ancient Villages Peter Thonemann, 2022-11-17 Our conception of the culture and values of the ancient Greco Roman world is largely based on texts and material evidence left behind by a small and atypical group of city dwellers The people of the deep Mediterranean countryside seldom appear in the historical record from antiquity and almost never as historical actors This book is the first extended historical ethnography of an ancient village society based on an extraordinarily rich body of funerary and propitiatory inscriptions from a remote upland region of Roman Asia Minor Rural kinship structures and household forms are analysed in detail as are the region s demography religious life gender relations class structure normative standards and values Roman north east Lydia is perhaps the only non urban society in the Greco Roman world whose culture can be described at so fine grained a level of detail a world of tight knit families egalitarian values hard agricultural labour village solidarity honour piety and love **Catalogue of the Special Loan Exhibition of Enamels on Metal Held at the South Kensington Museum in 1874.
