### **Pull-ups - - "STUD" to "SUPER" stud within WEEKS**

Rahul Mookerjee, 2018-10-21 If you're reading this you've probably got through the basic pull up course I put out a few years ago a course that has quite LITERALLY turned the average Joe from dud level at pull ups to STUD level You're probably likely already in that elite category of folks that can at least do a single pull up in good form and believe me most adult men I use quotes for a reason there cannot even do a single half ass pull up to save their lives let alone do a pull up in proper form without kicking,ipping or flailing like a leaf in a tornado And if you've gotten to this level well congratulations my friend You deserve it and more But always remember that achievement of one goal leads to striving for another You must never and CANNOT ever be stagnant as you risk moving backwards and losing all the gains you made until now Not only that there is a world more to pull ups than what you already know and that's what I'm bringing you in this particular course I wrote this ADVANCED course for YOU the KEEN PULL UP TRAINEE I wrote this advanced course of YOU the KEEN PULL UP TRAINEE who WANTS nay DESIRES WITH A PASSION TO TAKE THINGS TO THE NEXT LEVEL ALTOGETHER And finally I wrote this course to tell you about different types of pull ups some of which you have likely never heard of or imagined before All of these new exercises combined with the workouts beneath will get you to the next stage of pulling ability and quickly Once you get good at the different types of pull ups mentioned herein and start pounding out a few of the WORKOUTS mentioned therein WATCH out You will no longer be a stud at pull ups You will be at SUPER STUD level within just a few WEEKS Be prepared to be BLOWN away Here is but SOME of what you'll learn in this course 25 different ways to do pull ups that will leave you in the DUST and GOGGLING in wonder my friend Literally you'll be learning variations on the pull up that you've never even DREAMT of before let alone HEARD OF 15 different WORKOUTS that will have your entire upper body squealing for mercy and your muscle literally writhing in agony and pulsating with a NEW life How to get in a COMPLETE upper body workout with just the pull up alone and if you do it right it won't take you more than 15 minutes and you'll be SPANKED at the end of it RAW ferocious animal like strength you cannot get from other movements You'll be a NEW MAN or woman after a few days of doing what's specified in this course A TRULY ripped and functionally MEGA strong midsection You'll have slabs of GRANITE for abs and your obliques will turn into twin corded pylons of steel like power endurance flexibility and feel Hidden secrets and KEYS to increasing the intensity and effectiveness of the pull up that NO ONE else is telling you including hold on to your hats how to change LEG positioning to completely change up the effect of the exercise THIS ONE tip alone is worth the price of admission my friend That coveted X shape will be YOURS Oh yes it WILL A grip like it was made of rebar and fingers of IRON Fingers like CLAWS more like and hands like PLIERS If folks were

scared to shake your hand before well they ll definitely SHY away in FORCE now hint Read related testimonials comments on this on the testimonials grip page hehe Corded forearms with veins running up and down them pulsating with LIFE FORCE ENERGY VITALITY and STRENGTH Massive well built shoulders that are broader than a BARN DOOR and are every bit as strong as they look A MAMMOTH BRAWNY upper back that looks like it belongs to an old timer Traps extending all the way up to your ears that look like they belong on a silverback gorilla A packed chest that literally RIPPLES nay STREAMS with muscle every time it moves SUPER CARDIO and how to get it with pull ups *Shapewalking* Marilyn L. Bach,Lorie Schleck,2003 ShapeWalking goes beyond most fitness walking programs by adding toning and stretching to an aerobic walking regimen Exercisers use their own body weight and portable exercise bands for strength training to help control weight develop muscle and prevent or reverse bone density loss Addressing people of all fitness levels the authors discuss getting started setting attainable goals achieving a target heart rate and toning the most common trouble spots Workouts include an antiosteoporosis workout that strengthens the bones most affected by the disease Completely updated this book also includes current resources photos demonstrating proper form charts for keeping track of progress and safety tips for preventing injuries Harper's Weekly ,1877 **PULL-UPS - from DUD to STUD - to SUPER STUD - WITHIN WEEKS!** Rahul Mookerjee,2020-03-20 Dear friend and FELLOW pull up ENTHUSIAST If there EVER was an exercise that lends itself to unending awe speculation and AMAZEMENT at being performed RIGHT it is the mighty PULL UP If there EVER was an exercise that builds strength in your upper body to near LEGENDARY King Kong like levels it is the ALMIGHTY pull up If there EVER EVER was ONE exercise that you would want to MASTER in all it s forms shapes and guises it is this the PULL UP If you want gorilla like traps and FOREARMS and a mighty rugged MUSCULAR chest and lat spread that looks like you d need to turn around sideways to get into the average door you need to get good VERY good indeed at ONE exercise the PULL UP If there EVER was an exercise that built outrageous abdominal STRENGTH insane twelve pack like definition and got rid of fat SUPER QUICK all over your upper body it is well I think you ve guessed it If there ever was ah but while I could write several tomes on the pull up and still NOT be done I think you get the drift Pull ups my friend are not only the most complete ADVANCED upper body exercise there is but they are also one of the misunderstood badly performed kipping ugh and awe inspiring exercises out there Every man wants to be able to bang out at least 10 pull ups EFFORTLESSLY in letter perfect form but lets face it Most modern day men I use quotes for a damned good reason would do well to hang on to the chinning bar for any length of time let alone with the right GRIP and as for performing a pull up or half pull up or quarter Well my friend the VAST majority of modern day men again I use quotes for a reason would be unable to even muster up the strength to pull their saggy bloated asses up even an inch or two without straining a tricep or two or more And most modern day men that TRY to do pull ups as opposed to actually DO even half a REAL pull up remain sore for DAYS after their first attempt Sounds familiar doesn t it Yeah I thought so Wouldnt YOU want to be lean and mean a fighting

MACHINE like the soliders in the Marines and elite forces are around the world Would you NOT want the ability to take punches to your midsection from PROFESSIONAL hitters and have them bounce off ya like they were nothing As a friend of mine once told me I d be wasting my time by hitting there Would you not want the twelve pack and corrugated CORE and extreme upper body ape like strength and definition that most men can only DREAM of Of course you would WHAT THIS TUTORIAL CONTAINS The path breaking Pull ups from DUD to STUD within a matter of WEEKS a course that truly HAS brought folks from zero to hero level at pull ups in RECORD TIME The torch bearing ADVANCED COURSE ON pull ups Pull ups from STUD to SUPER STUD that has turned previous fit folks into FREAKS of nature my friend with ape like upper body strength and black smith like IRONMONGER stylegrip that the average man can only dream of and MARVEL at And as if that wasn t enough there is also a FAQ section on pull ups which addresses ALL the most commonly asked questions that folks have on pull ups I guarantee you you ain t gonna find a more complete compilation on FAQ s in terms of pull ups ANYWHERE ELSE In fact this alone probably justifies more than at least half the price of the course if I were to be very frank and brutally honest with ya Grab it now my friend it truly IS a one of kind tutorial out there and combined with the FAQ section it truly IS the BEST I repeat VERY BEST course out there on pull ups I challenge you to prove me otherwise To your success Rahul Mookerjee

the Leonard Davis School of Gerontology and one of the field's leading gerontologists refutes the myth that age equals loss of our health and our physical and mental vigor. You can't live forever. If people tell you otherwise, says Dr. Schneider, don't believe them. But you can control your aging to significantly reduce your risk of disability and illness and to feel vital and productive throughout your lifespan. By adopting the simple lifestyle measures outlined here, every one of us can live longer by living well. In *AgeLess*, Dr. Schneider has taken the latest and best research findings in each of the key areas known to affect your healthspan: nutrition, exercise, weight, sleep, social engagement, and hormones, and developed his easy-to-follow, science-based New Rules of Aging Less. Some of these New Rules may surprise you. Worried about your weight? Read the science behind New Weight Rule 1: those few extra pounds may save your life. Or save money with this New Nutrition Rule: Toss out your multivitamins and most of your other supplements; they may be doing you more harm than good. Do you think a good night's sleep is a relic of lost youth? Read the Dean's AgeLess tips for getting your nightly seven to nine hours; it's essential to your healthspan. And if you're determined to look as young as you feel, Dr. Schneider also rates cosmetic interventions: alpha hydroxy acid skin creams, laser peels, Botox injections, and more, to reveal which ones really work and those that don't. To get started, take Dr. Schneider's Longevity Quotient Quizzes. These comprehensive questionnaires will help you rate your current lifestyle habits; you'll learn the areas in which you're doing okay and where you need to improve. An AgeLess future is within reach. Start living yours today.
