Organize This! Practical Tips, Green Ideas, and Ruminations About Your CRAP Vali G. Heist, 2012-04-24 Vali G Heist began organizing at the age of five while cleaning up her room with her older sister. She started her professional organizing business after years of being asked to organize the homes of her family and friends. Organize This Practical Tips Green Ideas and Ruminations about your CRAP began as a collection of the organizing columns she wrote for a local newspaper. CRAP is Vali's acronym that means Clutter that Robs Anyone of Pleasure. The book includes numerous tips on how to organize green ways to recycle unwanted CRAP, success stories from clients, and further ruminations about CRAP. Vali helps her readers explore why they have so much CRAP in their homes, why they don't throw it out, and why they don't want to deal with it. She helps the reader answer those questions and provides practical, easy tips to organize their homes and help them live the life they really want. In addition, her book is chock full of organizing resources, is fun to read, and makes a great gift for the organized person as well as the organizationally challenged. Vali's insight helps readers learn the difference between belongings and CRAP and empowers them to discover that less is more. Her book also proposes how to live a more green life and help save the planet in the process. Her passion is to find simple, easy-to-implement ways to organize life at home and at work and pass them on to her readers. Bob Rios of Bob Rios Visual Strategies created unique cartoons for the book to illustrate the dilemmas many readers face as they organize and unclutter their lives. Bob is a graphic designer, website developer, and of course a talented illustrator who lives in Lebanon, Pennsylvania, with his wife and five children. Bob uses his creativity and design expertise to further the business goals of his clients. Through consultation and conversation, he gathers content, colors, type, illustrations, and shapes to capture and convey a company's message. You'll find his self-portrait on page 99 of the book. Donna Smallin, Certified Professional Organizer and author of *Organizing Plain Simple* and several other books on organization, describes Vali's book as simultaneously witty and practical. Organize This is the intelligent person's guide to a simpler, more organized life. Look for Donna's latest eBook entitled *How to Declutter and Make Money Now* by Donna Smallin. Kuper Chris Crouch is president and founder of DME Training and Consulting, author of several books on improving productivity, and developer of the GO System training course. He describes Vali's book *Stuff* or, as Vali calls it, *CRAP*, as something that will easily find its way into your life. The challenge is to limit the inflow and purge the unnecessary items that somehow remain stuck in your environment. Vali's insightful book will help you accomplish those two life-changing goals. Chris continues to research and study both the mental and physical aspects of living a more joyful and productive life and pass them on to his readers. Debbie Lillard, Certified Professional Organizer and author of *Absolutely Organize Your Family* and *Absolutely Organized: A Mom's Guide*, describes Vali's book. Vali writes with an environmentally responsible attitude towards ridding the world of CRAP. She understands the causes of disorganization, leaves judgment at the doorstep, and jumps right in to tackle the problems. Her resources are valuable; this is a book you'll want to recycle and reuse again and again. Debbie

owns an organizing business in Broomall Pennsylvania and shares her expert advice on various media channels Vali wants readers to know that the goal of organizing isn't to have a perfect Better Homes and Garden house hers isn't but rather to provide order to enjoy the space you have handle the tough times with grace and aspire to live the best life possible
