Silent Presence Discernment As Process And Problem:

Silent Presence Ernest E. Larkin, 2000 Silent Presence Ernest E Larkin, 1981 The SCM Dictionary of Christian Spirituality Gordon S. Wakefield, 2003 This dictionary attempts to give direct access to the development of Christian Spirituality It is a series of pieces written by experts to provide instant accurate and thought provoking information of high scholarship An Introduction to Health Care Ethics Michael R. Panicola, 2007 An ideal introduction to health care ethics for students who are unfamiliar with the subject area Author ethicists Michael Panicola David Belde John Paul Slosar and Mark Repenshek have crafted a text grounded in rich theological and philosophical traditions and presented in an engaging manner This text provides students with an understanding of the foundational aspects of health care ethics and leads them into a discussion of contemporary issues through the use of timely and challenging case studies A unique focus on discernment and decision making brings the material to life for students *Spiritual Theology* Simon Chan, 2025-10-14 Academy of Parish Clergy Top Ten Book Theology is the doctrine of living unto God wrote the Puritan theologian William Ames Unfortunately post Enlightenment theology has tended to divorce doctrine from living unto God And to the degree that this split has been deepened and perpetuated both theology and spirituality have been impoverished Spiritual Theology is a rare book In it Simon Chan surveys the little explored landscape where systematic theology and godly praxis meet highlighting the connections between Christian doctrine and Christian living and drawing out the spiritual implications of particular aspects of systematic theology Allowing rational formulations to drop into the background he brings the mystery of the faith to the fore Chan begins with the principal doctrines of God sin salvation and the church He then progresses to a reflective consideration of the practice of the spiritual life from prayer to spiritual direction Unabashedly evangelical and truly ecumenical Chan grounds his exploration in the sources of the Protestant Catholic and Orthodox traditions His work is well abreast of contemporary theological currents and crossculturally conversant from an Asian perspective Spiritual Theology is a book for those who care deeply about theology and spirituality and strive to integrate the two It is well worth careful reflection and prayerful reading Carmelite Prayer Keith J. Egan, 2003 Thoroughly contemporary and pragmatic this collection of essays provides a clear picture of Carmelite teaching while encouraging a journey of discovery and faith

Responding to God's Call Roslyn A. Karaban, Rosalyn A. Karaban, 1998 This is a book about discernment tuning in and listening to God's call prayerfully reflecting on that call clarifying what that call is and responding to what you feel and hear People involved in all sorts of ministry and those who would like to be involved but find their calling in discord with the position of the Church will find this book a valuable tool in determining what is of God and what is not and how to set their own direction The book includes a series of personal stories from both the author and others to help illustrate the concepts A unique feature of this process is that it can involve loss the loss of who you are today in order to become what is your calling Dr Karaban carefully shows how this process of loss closely resembles the grieving process and helps readers mourn and
