**Families with Power** Mary Cowhey, 2022 What if that's the question that began Families with Power (Familias con Poder), a grass roots organization of low income students and caregivers in Northampton, MA, in 2007? What if the families of students most impacted by the opportunity gap somehow had the power to organize whatever activities they felt would best help their children succeed? Mary Cowhey, a teacher who co-founded FWP, shares these stories and the voices of her fellow FWP organizers through vignettes and interviews, weaving in the lessons learned along the way. Inspired by Paulo Freire's popular education and the radical tradition of the Highlander Folk School, some Latina and African mothers, a great grandmother and a couple of teachers founded Families with Power (FWP). Organizing Family Reading Parties in each other's living rooms instead of meetings at school to recruit additional families and identify potential leaders, FWP created a Highlander style residential retreat that employed Freirean culture circles to pose problems and design programs to address them.
