**Access** ,1991 *My Moment of Impact: A Journey with Epilepsy* Kerri Croake, 2022-11-15 The word Epilepsy is derived from the Greek root *lep* meaning to grab or seize or take hold of *Epi* means outside of next to So epilepsy is a condition in which one is seized by something outside one's control Imagine living with a condition that is always hanging above your head like the sword of Damocles not exactly knowing if a seizure will strike or when The tree of epilepsy has many branches including seizures anxiety mood symptoms cognitive symptoms and psychosocial implications to name a few It is so refreshing and clarifying to hear such a strong and insightful voice as Kerri's tell her story It allows us to get a glimpse into the labyrinth of complexity that living with epilepsy is I have been treating her for nearly two decades She has a refractory and severe case of epilepsy but her spirit has been untouched and if anything strengthened Her wit intellect emotional maturity self transcendence perseverance and steady reflection make this a unique work It is rare to hear from patients themselves when exploring neurological illnesses as often the illness robs the person of their ability to communicate these complexities with clarity Not the case with Kerri This book is one of the best explorations of this illness I have ever seen coming from a patient Her inborn resources and strengths allow us to walk with her on her journey and get a peak behind the curtains More important than what it teaches us about epilepsy we are exposed to a truly remarkable human being whose fire burns bright and whose light and heat provide warmth and illumination for all of us Taking this stroll with Kerri leads not just to a deeper understanding of how epilepsy works in people's lives but to be empowered and inspired by her story and her personhood one that shines in all that she does It is a rare gift One example of this soul force in Kerri is the simple fact that she wrote a whole book so beautifully in the face of aphasia language deficits she acquired after her epilepsy surgery Kerri has been an energizing inspiration in my life as her treating physician I have no doubt that any reader of this book will also catch that fire
