High Profit Price Action Trading for Beginners Giuseppe Scuti, The key to consistent profits is not as elusive as most brand new self directed traders think I ask new traders do you want to get rich quick or do you want to get rich forever The easy part of investing and trading is making the mistakes the hard part is what to do with all the cash you will make from being patient and letting the market come to you and give you what you want New people who get into the trading business have dollar signs in their eyes They are buying Ferrari s and G650 s before they ever make a live trade The unrealistic expectations they have can cloud their judgment as to what is real and not real All they see is the amount of money that they can potentially make when it is how much money they can lose is what they should be focusing on They don t realize they are entering a business where the professional people have a kill everyone mentality when it comes to making money High Profit Price Action Trading for Beginners is for beginners and will detail many of the things that a brand new trader must learn not to do before they can become consistently profitable in the live markets The key to success in the investing and trading business is not making the mistakes your competition is making and learning to see them making those mistakes so you can profit from them Using price action in conjunction with supply and demand as well as end of day trading methods will empower you to make money right away in any liquid live market you wish to trade The beauty of this method is that it works on any asset class on any time frame You just have to learn to train your eyes to see the smart money and your competition on a trading chart at a glance and then take action to make money from them that part is up to you The principles in High Profit Price Action Trading for Beginners are the easiest fastest methods for a self directed beginner to learn right away which will put them on the fast track to driving their new money train to the bank every day You absolutely need to have a competitive edge in the markets and you must have it before you do anything in the live markets with real money The methods in High Profit Price Action Trading for Beginners are the best ways to get you started developing your money making edge Don t be the one who pays be the one who gets paid
