HEALING BALM: The Great Physician Clinic EMMANUEL OKAFOR, 2025-10-04 The health of the body the soul and that of the mind are most important to every living soul This is something everyone should know When you are not in good health condition it is natural to seek ways to bring healing for yourself Man is a spirit which has a soul and lives in a body According to divine creativity the body the mind and soul have been wired in such a way to respond to both spiritual and physical healing procedures It might interest you to know that originally the human system has been created with the ability to experience self healing or repairs to a large extent in most cases when the process is allowed Scientific discovery calls it human immune system which can be defined as the ability of the human system to fight against any form of disorder to the human structure The entire world is witnessing an increase in the number of attacks from sicknesses and diseases more than before in history The health condition of the populace all over the nations of the world is being challenged on daily basis by the spread of these deadly micro organisms However I am delighted to inform you that God has divinely provided a permanent solution long before the invasion of these life threatening microbes Every manufacturer of any product especially automobiles make reasonable

provision for maintenance or servicing of his product as the need arises Thus for the purpose of durability of these products they have constantly gone further to produce spare parts for the replacement of worn out or damage parts God in His infinite wisdom and mercy has made available to us the Healing Balm to provide help to man when sickness attacks Consequently by divine leading and inspiration this book has been written for the healing of all those who believe and have become victims of any form of infirmity Is there no balm in Gilead Is there no physician there Why then is there no recovery for the health of the daughter of my people Jeremiah 8 22 Go up to Gilead and take balm O virgin the daughter of Egypt In vain you will use many medicines you shall not be cured Jeremiah 46 11 It will interest you to know that these infirmities are more spiritual than the ordinary eyes can behold We are living in the last days and the adversary the devil has advanced in the manufacturing of sicknesses and has released them to the world as his weapon of mass destruction He has a mission to steal and to kill and to destroy In this book we will try as much as possible to classify these processes in clear terms Meanwhile I will need to quickly highlight this tension anxiety and worries prevent self healing in all of this processes we are going to be stating To allow the healing process to work you need to calm down mentally emotionally spiritually and physically All healing is first a healing of the heart This scripture has this to tell us in this regard Keep your heart with all diligence for out of it are the issues of life Proverbs 4 23 KJV In this world we are confronted with many afflictions and pains but we have also been given the requirements to overcoming all of it Many are the afflictions of the righteous but the LORD delivers him out of them all He keeps all his bones not one of them is broken Psalms 34 19 20 KJV Principally healing requires a courageous heart if you must obtain it We all have courage but we need to dig a little deeper to find it If you achieve all kinds of things in the material world but lose your health or your peace of mind you will certainly get little or no pleasure from your other accomplishments Discovery has shown that the human body loves routine which is a major mechanism that enhances healing and good health This includes having good eating habit sleep among other things These routines should be followed squally and practiced every day in order for the body to function at its optimum proficiency Make no mistakes about this the body loves consistency Fundamentally health is the real wealth and not quantities of gold and silver one acquires It has been said that Creativity is a fragrance of real health When a person is truly healthy and whole creativity comes naturally to him the push to create arises smoothly It was Zig Ziglar that said The man who earns a million but destroys his health in the process is not really a success Our health is something we often take for granted But there are some things in life that should never be taken for granted The purpose of this manuscript is for you to pay good attention to your total health so you are been advanced in this book to take care of yourself A number of factors affecting our wellness shall be our basic concern as we progress which including fitness nutrition spirituality life style and finance Although I am not a specialist in most of these fields but by experience I have observed over the years again and again how these areas are affected for better or for worse by our psychological biological and spiritual health What does it mean to heal your mind body and soul How exactly do you undergo that process

This and many more are the answers we shall be seeing in the proceeding chapters of this book project EMMANUEL OKAFOR
