*Amazon* Natalie Berg, Miya Knights, 2021-11-03 Amazon one of the world's most valuable companies is worth more than Walmart Netflix Target Nike and Costco combined What are the secrets to its success How can these insights be applied to other businesses in the e-commerce sector The retail industry is facing unprecedented challenges Across all sectors and markets retailers are shifting their business models and customer engagement strategies to ensure they survive Amazon offers unique insight into the company's persistent dissatisfaction with the status quo and innovation and how it has fundamentally changed the ways in which we shop This fully updated second edition explores Amazon's response to the coronavirus pandemic the convergence of physical and digital retail e-commerce economics and sustainability as well as future policy implications Written by industry leading retail analysts and with the first edition now translated into more than a dozen languages Amazon is an invaluable resource for discovering the lessons that can be learned from the company's unprecedented rise to dominance

**Amazon** Benedetta Brevini, Lukasz Swiatek, 2020-11-26 Taking a political economy of media approach this book examines Amazon as a significant actor in the global media landscape Amazon is mainly conceived in the popular consciousness and media commentary as a corporate body selling products and services to individual consumers and organisations but Brevini and Swiatek show that Amazon has become a communication giant that trades in diversified media its own and others and exerts a significant influence on global communication especially through its online services Further the authors provide evidence of Amazon's multiple influences on politics economics and culture With its comprehensive and critical overview this book is ideal for students scholars and researchers of media and communication studies and political economy

**Managerial Economics** Nick Wilkinson, 2022-01-13 Managerial economics meaning the application of economic methods in the managerial decision making process is a fundamental part of any business or management course The current business environment presents managers with increasingly difficult decisions amidst the Covid 19 pandemic and associated lockdowns as well as the digital revolution and improved technology Now in its second edition this textbook features a new focus on how managerial economics has been transformed by the increasing importance of digitization within both the workplace and wider economy It also features a new chapter on consumer theory which emphasizes psychological factors and behavioural economics Wilkinson adapts a user friendly problem solving approach to take the reader in gradual steps from simple problems through increasingly difficult material to complex case studies demonstrating how to apply the principles of managerial economics to real life situations This book will be invaluable to business and economics students at both undergraduate and graduate levels
