information came to you TikTok seemed to know its users in an almost spooky way provoking wonder and delight People
were hooked We intend to become ubiquitous a new hire training video said to put TikTok on every screen on the planet But
virtually everything about TikTok s users their interests locations and even their unspoken desires was accessible to staff in
Beijing After Baker White a Harvard trained lawyer and investigative reporter revealed that Chinese engineers could access
Americans private information a team of employees used the app to track her location and attempt to expose whistleblowers
This incident triggered an ongoing criminal investigation and escalated the US government s fight against Chinese tech
TikTok was the first Chinese app to become a US juggernaut and lawmakers soon recognized its potential for surveillance
and propaganda and the threat it might pose in the hands of their rivals Yet even as hawks in Congress gained support to ban
the app the White House was secretly negotiating for unprecedented control over its information stream In 2025 when
President Donald Trump declined to enforce the so called ban law TikTok seemed to complete a miraculous corporate escape
It retained its influence profits and power but now operated at the pleasure of two strongmen China s Xi Jinping and Trump
